We want you to be successful in this school. Should you have questions or concerns, please contact our main office at (209) 468-8140.

ADMISSION/REFERRAL SCREENING CRITERIA
Students may self-enroll into the school or be referred to San Joaquin Building Futures Academy by a local school district official, a school attendance review board, the juvenile court, or by a probation officer.

Program partners such as the Probation Department and representatives from Peace Keepers may refer eligible students.

ENROLLMENT PROCEDURES
Enrollment into SJBFA requires an application process that includes a series of orientation meetings. Prospective students will be required to go through mental toughness training/probationary period in order to be considered for any grant funded work experience programs. It is the prospective student’s responsibility to come to the school site and complete an enrollment application. Two copies of the students’ transcripts from their previous schools must be turned in with the application. One copy must be an official copy, which is sealed in an envelope and signed by the registrar of the school.

Each student enrolled in our YouthBuild San Joaquin program will be required to take an initial drug test and be subject to random drug testing for the duration of the school year. Since we are a direct-entry program for multiple unions random drug testing is required for all YouthBuild participants. Students will also be assessed on the Test for Adult Basic Education test to determine appropriate placement for coursework.

Prospective students will receive a call from a school official notifying them of their orientation date and time. Students are expected to share information with the enrollment official regarding any special education programs and services received currently by the student.

In addition, the SJBFA handbook outlining the school rules, discipline procedures, and course offerings are explained. The student and family member’s commitment to the school is encouraged.

- Community Contribution
- Comprehensive College/Career Plan
- Communication Skills

Students may invite family and friends in addition to the panel members. Panel members include the advisor, school administrator, a student representative, and one community member. Duration of the performance ranges from 30 to 90 minutes.

PARENT NOTICE OF RIGHTS AND RESPONSIBILITIES

State law requires that parents, guardians, and adult students be notified of their rights and responsibilities in certain matters pertaining to their children’s education. Refer to Appendix E.

ABSENCE FOR RELIGIOUS EXERCISES AND INSTRUCTION

Pupils may be excused, with written permission from a parent or guardian, in order to participate in religious exercises or receive moral and religious instruction away from school property. Every pupil so excused must attend at least the minimum school day. No pupil shall be excused from school for such purpose on more than four days per school month. (Ed. Code, § 46014)

COMPREHENSIVE SEXUAL HEALTH EDUCATION AND HIV/AIDS PREVENTION EDUCATION

A parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV/AIDS prevention education. A parent or guardian who wishes to exercise this right must state their request in writing. (Ed. Code, § 51938) A parent or guardian may inspect the written and audio visual educational materials used in comprehensive sexual health education and HIV/AIDS prevention education. Parents have a right to request that the District provide them with a copy of the California Healthy Youth Act (Education Code section 51930 et. seq).

Parents or guardians shall be notified in writing if the District plans to administer an anonymous, voluntary and confidential test, questionnaire, or survey containing age-appropriate questions about the pupils’ attitudes concerning or practices related to sex in grades 7 to 12 and given the opportunity to review the test, questionnaire, or survey. A Parent or guardian has the right to excuse their child from the test, questionnaire, or survey by stating their request in writing. (Ed. Code, § 51938)

Every student’s parent will be notified prior to the commencement of any comprehensive sexual health education and HIV/AIDS prevention education instruction as to the date of such instruction and whether the instruction will be taught by District personnel or by outside consultants. If outside consultants are used, the name of the organization of each guest speaker will be identified.

EXCUSE FROM INSTRUCTION IN HEALTH

Upon written request of a parent, a pupil may be excused from any part of instruction in health which conflicts with the parent(s)’ religious training or beliefs (including personal moral convictions). (Ed. Code, § 51240)

ADMINISTRATION OF MEDICATION

Medication prescribed by a physician for a child may be administered during the school day by a registered nurse or other designated school personnel, or self-administered by the child if the medication is prescription auto-injectable epinephrine or prescription inhaled asthma medication, but only if the parent consents in writing and provides detailed written instructions from a physician or a physician assistant as specified by law. Forms for administering medication may be obtained from the school secretary. (Ed. Code, §§ 49423, 49423.1, 49423.5, 49480)

STUDENTS ON MEDICATION

Parents are to notify the principal if their child is on a continuing medication regimen. This notification shall include the name of the medication being taken, the dosage, and the name of the supervising physician. With parental consent, the principal or school nurse may confer with the physician regarding possible effects of the drug, including symptoms of adverse side effects, omission or overdose and counsel with school personnel as deemed appropriate. (Ed. Code, § 49480)
IMMUNIZATIONS
The District shall exclude from school any pupil who has not been immunized properly, unless the pupil is exempted from the immunization requirement pursuant to Health and Safety Code section 120370. The immunization exemption based on personal beliefs has been eliminated. (Health & Safety Code, § 120325). A student who, prior to January 1, 2016, submitted a letter or affidavit on file at the District, stating beliefs opposed to immunization, is permitted to enroll in that institution until the student enrolls in the next grade span. Grade span means: 1) birth to preschool; 2) kindergarten and grades 1 through 6, inclusive, including transitional kindergarten; and 3) grades 7 through 12, inclusive. On or after July 1, 2016, the District shall exclude from school for the first time or deny admittance or deny advancement to any student to the 7th grade unless the student has been immunized for his or her age as required by law. (Health & Safety Code, § 120335). A student may still be exempted from the immunization requirement based on medical condition or circumstances. A parent or guardian must file with the District a statement from a licensed physician saying that the immunization is not considered safe and is not recommended based upon the nature or duration of the medical condition or circumstances, including, but not limited to, the family medical history. (Health & Safety Code, § 120370)

A parent or guardian may consent in writing for a physician, surgeon, or health care practitioner acting under the direction of a supervising physician and surgeon to administer an immunizing agent to a pupil at school. (Ed. Code, §§ 48216, 48980(a), 49403, Health & Safety Code, §§ 120325, 120335)

PHYSICAL EXAMS AND TESTING
The District is required to conduct certain physical examinations and vision, hearing and scoliosis testing of students unless the parent has a current written objection on file. However, the child may be sent home if he or she is believed to be suffering from a recognized contagious or infectious disease. (Ed. Code, §§ 49451, 49452, 49452.5 and 49455: Health & Safety Code, § 124085)

CONFIDENTIAL MEDICAL SERVICES
For students in grades 7 through 12, the District may release a student for the purpose of obtaining confidential medical services without obtaining the consent of the student’s parent or guardian. (Ed. Code, § 46010.1)

MEDICAL COVERAGE FOR INJURIES
Medical and hospital services for pupils injured at school or school-sponsored events, or while being transported, may be insured at parent’s expense. No pupil shall be compelled to accept such services without his or her consent or, if the pupil is a minor, without the consent of a parent or guardian. (Ed. Code, § 49472)

MEDICAL AND HOSPITAL SERVICES NOT PROVIDED
The District does not provide medical and hospital services for students injured while participating in athletic activities. However, all members of school athletic teams must have accidental injury insurance that covers medical and hospital expenses. (Ed. Code, §§ 32221.5, 49471)

SERVICES FOR STUDENTS WITH EXCEPTIONAL NEEDS OR A DISABILITY
State and federal law require that a free and appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. Students classified as individuals with exceptional needs for whom a special education placement is unavailable or inappropriate may receive services in a private nonsectarian school. Please contact the local director of special education for specific information. (Ed. Code, § 56040 et seq.) Refer to Appendix E

In addition, services are available for students who have a disability which interferes with their equal access to educational opportunities. (Section 504 of the Rehabilitation Act of 1973, 34 C.F.R. §104.32) The District official listed below is responsible for handling requests for services under Section 504 and may be reached at the following address and telephone:

ANNUAL NOTIFICATION FOR MEDI-CAL BILLING IN SCHOOLS
As part of the San Joaquin County Office of Education (SJCOE), County Operated Schools and Programs (COSP) participates in the Local Education Agency Medi-Cal Billing Option Program offered through the California Department of Health Care Services and the Centers for Medicaid Services. The program allows for the school district to receive federal reimbursement funds for some health services provided to Medi-Cal eligible students while they are at school. The funds are reinvested back into the school programs to benefit students and their families.

County Operated Schools and Programs (COSP) can bill Medi-Cal for Early and Periodic Screening Diagnostic and Treatment (EPSDT) assessments and services for students in the areas of school nursing and mental health services.
Consistent with the following Codes of Federal Regulations: 34 CFR 300.154(d)(2)(iv), 34 CFR 300.154(d)(2)(v), 34 CFR 99.30 and 34 CFR 300.622:

• Parental consent must be obtained before County Operated Schools and Programs (COSP) can submit Medi-Cal claims for the student’s billable health services. This is a one-time consent that can be revoked by the parent at any time.
• The services that County Operated Schools and Programs (COSP) provides to the student will not be affected in any way by the parent’s consent or refusal.
• The parent/student will never pay a fee for health services provided to the student by County Operated Schools and Programs (COSP). The parent/student’s Medi-Cal benefits will never be affected in any way.
• The student’s medical/educational records may be disclosed to Medi-Cal for the purpose of authenticating claims.
• County Operated Schools and Programs (COSP) will provide annual written notice to parents before accessing their student’s public insurance benefits (Medi-Cal).

The District does not release information or records concerning a child to noneducational organizations or individuals without parent consent except by court order, receipt of a lawfully issued subpoena, or when otherwise allowed by law. The following categories of directory information may be made available to various persons, agencies or institutions unless the parent or guardian notifies the District in writing not to release such information:

Name, address, telephone, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, diplomas and awards received, and most recent previous educational institution attended. (Ed. Code, §§ 49060 et seq., 49073, 20 U.S.C. § 1232g, 34 C.F.R. § 99.7) In accordance with state and federal law, the District may also make available photographs, videos, and class rosters.

INFORMATION OBTAINED FROM SOCIAL MEDIA
A school district that considers a program to gather or maintain in its records any information obtained through social media of any enrolled student shall notify students and their parents or guardians about the proposed program and provide an opportunity for public comment at a regularly scheduled public meeting of the Governing board of the school district. The notification shall include, but is not limited to, an explanation of the process by which a student or a student’s parent or guardian may access the student’s records to examine the information gathered or maintained, and an explanation of the process by which a student or student’s parent or guardian may request the removal of information or make corrections to information gathered or maintained. (Ed. Code, § 49073.6)

INSPECTION OF STUDENT RECORDS
State law requires that the District notify parents of the following rights which pertain to student records. (Ed. Code, §§ 49063, 49069, 34 C.F.R. § 99.7)

a. A parent or guardian has the right to inspect and review student records relating directly to his or her child during school hours or obtain a copy of such records within five (5) business days of his/her request.

b. Any parent who wishes to review the types of student records and information contained therein may do so by contacting the principal at his/her child’s school. The principal of each school is ultimately responsible for maintenance of student records.

c. A parent with legal custody has a right to challenge information contained in his/her child’s records. Any determination to expunge a student’s record is made after a review of said record(s) by site administrators and certificated staff. Following an inspection and review of student records, the parent may challenge the content of the student’s record. The right to challenge becomes the sole right of the student when the student becomes eighteen (18) years of age.
A parent may file a written request with the Superintendent of the District to remove any information recorded in the written records concerning the child which is alleged to be:

1. Inaccurate.
2. An unsubstantiated personal conclusion or inference.
3. A conclusion or inference outside of the observer’s area of competence.
4. Not based on the personal observation of a named person with the time and place of the observation noted.
5. Misleading.
6. In violation of the privacy or other rights of the pupil.

Within thirty (30) days, the Superintendent or designee shall meet with the parent/legal guardian and the certificated employee who recorded the information, if any, and if the person is still employed with the District, and sustain or deny the allegations. If the allegations are sustained, the Superintendent shall order the correction, removal or destruction of the information. If the Superintendent denies the allegations, the parent may appeal the decision to the Governing Board within thirty (30) days. The Board shall determine whether or not to sustain or deny the allegations. If the Board sustains the allegations, it shall order the Superintendent to immediately correct, remove or destroy the information from the written records of the student. (Ed. Code, § 49070)

If the final decision of the Board is unfavorable to the parents, or if the parent accepts an unfavorable decision by the District Superintendent, the parent shall have the right to submit a written statement of objections to the information. This statement shall become a part of the student’s school record until such time as the information objected to is removed.

Both the Superintendent and the Board have the option of appointing a hearing panel in accordance with Education Code sections 49070-49071 to assist in the decision making. The decision as to whether a hearing panel is to be used shall be made at the discretion of the Superintendent or the Board and not of the challenging party.

d. A Student Records Log is maintained for each student. The Student Records Log lists persons, agencies or organizations requesting and/or receiving information from the records to the extent required by law. Student Records Logs are located at each school and are open to inspection by parents or guardians. (Ed. Code, § 49064)

e. School officials and employees having a legitimate educational interest, as well as persons identified in Education Code sections 49076 and 49076.5 and in the Family Educational Rights and Privacy Act, may access student records without first obtaining parental consent. “School officials and employees” are persons employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and District-employed law enforcement personnel), a Board member, a person or company with whom the District has contracted to perform a special service (such as an attorney, auditor, medical consultant, or therapist), or a parent or student whose access to student records is legally authorized. A “legitimate educational interest” is one held by a school official or employee whose duties and responsibilities create a reasonable need for access. (Ed. Code, §§ 49063(d), 49076, 49076.5, 20 U.S.C. § 1232g)

f. Parents and guardians have the right to authorize the release of student records to themselves. Only parents and guardians with legal custody can authorize the release of student records to others.

g. Parents have a right to file a complaint with the U.S. Department of Education for alleged violations of parent rights related to student records. (20 U.S.C. § 1232g(g))

h. Parents may obtain a copy of the District’s complete student records policy by contacting the Superintendent.
**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**
In addition, parents have certain rights regarding student information and records which are guaranteed under federal law. A handout notifying parents of these rights is attached.

**SCHOOL SITE SURVEILLANCE**
San Joaquin Building Futures Academy (SJBFA) will have a surveillance system at 3100 Monte Diablo, Stockton CA. Images captured by the camera will be monitored by school personnel and may be referred to local law enforcement as appropriate. Any recording or image of a student collected by SJBFA is considered a "student record" and thus is subject to those laws regarding access, disclosure, and retention.

**STUDENT DISCIPLINE**
District and School rules pertaining to student discipline are available to parents or guardians of district students in the school office. (Ed. Code, § 35291) Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during non-school hours. (Ed. Code, § 48900(r))

**DISSECTION OF ANIMALS**
If a student has a moral objection to dissecting (or otherwise harming or destroying) animals, or any part of an animal, the pupil must notify the teacher regarding such objection, and the objection must be substantiated with a note from the pupil’s parent or guardian. If the pupil chooses to refrain from participating in such a project or test, and if the teacher believes that an adequate alternative education project or test is possible, then the teacher may work with the pupil to develop and agree upon an alternate education project or test for the purpose of providing the pupil an alternate avenue for obtaining the knowledge, information or experience required by the course of study. (Ed. Code, §§ 32255-32255.6)

**TEMPORARY DISABILITY**
A temporary disability which makes it impossible or inadvisable for a student to attend class may entitle the student to receive individualized instruction. It is the responsibility of the pupil’s parent or guardian to notify the school district in which the pupil is deemed to reside of the pupil’s need for individualized instruction. A student with a temporary disability who is in a hospital or other residential health facility, other than a state hospital, which is located outside the student’s school district of residence shall be deemed to comply with the residency requirements of the school district in which the hospital is located. (Ed. Code, §§ 48206.3, 48207, 48208, 48980(b))

**STUDENT RESIDENCY**
A student may be enrolled in the District if (1) the student’s parent, legal guardian or other person having control and charge of the student resides in the District (Ed. Code, §48200); (2) the District has approved interdistrict attendance (Ed. Code, § 46600; (3) the student is placed in a regularly established children’s institution, licensed foster home, or family home; (4) the student is a foster child who remains in his or her school of origin pursuant to Education Code Section 48853.5(f) and (g); (5) the student is emancipated and lives within the District; (6) the student lives in the home of an adult who has submitted a caregiver affidavit; (7) the student resides in a state hospital within the District; or (8) the student’s parent or legal guardian resides outside of the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the school district boundaries for a minimum of three days during the school week. (Ed. Code, § 48204). The law allows, but does not require, a district to accept a student for enrollment where at least one parent or legal guardian of the student is physically employed within the district’s boundaries for a minimum of 10 hours during the school week. (Ed. Code, §48204). A student also complies with the residency
requirements for school attendance in a school district if he or she is a student whose parent is transferred or pending transfer to a military installation within the boundaries of the school district while on active duty pursuant to an official military order. (Ed. Code, § 48204.3)

**ATTENDANCE OPTIONS**

All districts must inform parents at the beginning of the school year how to enroll in a school within the district that is different than the one assigned. Students who attend schools other than those assigned by the district are referred to as “transfer students” throughout this notification. There is one process for choosing a school within the district which the parent lives (intradistrict transfer), and three separate processes for selecting schools in other districts (interdistrict transfer). (Ed. Code, § 48980(h))

*Please contact your school district of residence for attendance options and intradistrict transfers.*

**Choosing a School Within the District in Which Parent Lives**

Education Code section 35160.5(b) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school’s attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be “random and unbiased,” which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student’s academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

**Choosing a School Outside the District in Which Parent Lives**

Parents have two different options for choosing a school outside the district in which they live. The two options are:

1. **Interdistrict Transfers** (Ed. Code, §§ 46600–46610): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. The law on interdistrict transfers also provides for the following:
   - Once a pupil is enrolled in a school pursuant to an interdistrict transfer agreement, the pupil must be allowed to continue to attend the school in which he or she is enrolled without reapplying, unless revocation of the interdistrict transfer is a term and condition of the agreement between the districts; however, a district must not rescind existing transfer permits for pupils entering grade 11 or 12 in the subsequent school year.
   - Upon request, a pupil determined to be the victim of an act of bullying by a pupil of the district of residence must be given priority for interdistrict attendance under any existing interdistrict attendance agreement or additional consideration for the creation of an interdistrict attendance.
agreement. (Ed. Code, §§ 46600(b), 48900(r))

- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision. (Ed. Code, § 46600(d))

- A school district of residence shall not prohibit the transfer of a student who is a child of an active military duty parent to a school district of proposed enrollment if the school district of proposed enrollment approves the transfer application.

2. “Allen Bill” Transfers (Ed. Code, § 48204(b)): The law allows, but does not require, each school district to adopt a policy whereby the student may be considered a resident of the school district in which his/her parents (or legal guardian(s)) physically work for a minimum of 10 hours during the school week if that is different from the school district in which the student resides. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other “arbitrary” consideration. Other provisions of Education Code section 48204(b) include:

- Either the district in which the parent (or legal guardian) lives or the district in which the parent (or legal guardian) physically works may prohibit the student’s transfer if it is determined that there would be a negative impact on the district’s desegregation plan.

- The district in which the parent (or legal guardian) physically works may reject a transfer if it determines that the cost of educating the student would be more than the amount of state funds the district would receive for educating the student.

- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.

- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student is encouraged to provide in writing to the parent the specific reasons for denying the transfer.

**Applying to Attend a School under the Open Enrollment Act**

The Open Enrollment Act allows the parent of a pupil enrolled in a “low-achieving school” to submit an application for the pupil to transfer to another public school served by the school district of residence or another school district. (Ed. Code, § 48350 et seq.) The parent must submit an application requesting a transfer to the school district in which the parent does not reside, but in which the parent intends to enroll the pupil. With some exceptions, the application must be submitted prior to January 1 of the school year before the school year for which the pupil is requesting a transfer. Both of the school districts from which and to which the parent has applied to transfer may prohibit or limit pupil transfers if the transfer would negatively impact a court-ordered or voluntary desegregation plan or the racial/ethnic balance of the district. Additionally, the school district in which the parent does not reside, but in which the parent intends to enroll the pupil may adopt specific, written standards for acceptance and rejection of applications pursuant to the Open Enrollment Act. (Ed. Code, § 48356)

**SEXUAL HARASSMENT POLICY**

Each student will receive a written copy of the district policy on sexual harassment. The purpose of this policy is to provide notification of the prohibition against sexual harassment as a form of sexual discrimination and to provide notification of available remedies. A copy of the District’s policy on sexual harassment is attached. (Ed. Code, §§ 231.5, 48980(g)) Refer to Appendix F

**NOTICE OF ALTERNATIVE SCHOOLS**

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:
a. Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

b. Recognize that the best learning takes place when the student learns because of the student’s desire to learn.

c. Maintain a learning situation maximizing student self-motivation and encouraging the student in his or her own time to follow his or her own interests. These interests may be conceived by the student totally and independently or may result in whole or in part from a presentation by the student’s teachers of choices of learning projects.

d. Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous permanent process.

e. Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for parent information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. (Ed. Code, § 58501)

**NUTRITION PROGRAM**
The State Department of Education has established a statewide program to provide nutritious meals and milk at school for pupils, and to provide free meals to the neediest children. In some instances, nominal cash payments may be required. (Ed. Code, § 49510 et seq.)

**LEAVING SCHOOL GROUNDS**
All San Joaquin County Office of Education campus locations are closed campuses. (Ed. Code, § 44808.5)

**U.S. DEPARTMENT OF EDUCATION PROGRAMS**
The following applies only to programs directly funded by the U.S. Department of Education:
All instructional materials, including teacher’s manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation shall be available for inspection by the parents or guardians of the children.

No student shall be required, as part of any applicable U.S. Department of Education funded program, to submit to a survey, analysis, or evaluation that reveals information concerning:

- a. political affiliations or beliefs of the student or student’s parents;
- b. mental and psychological problems of the student or his/her family;
- c. sex behavior or attitudes;
- d. illegal, anti-social, self-incriminating or demeaning behavior;
- e. critical appraisals of other individuals with whom respondents have close family relationships;
- f. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- g. religious practices, affiliations, or beliefs of the student or student’s parent; or
- h. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program)

without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent. (20 U.S.C. § 1232h)
UNIFORM COMPLAINT PROCEDURES
Complaints Alleging Discrimination, Harassment, Intimidation, and Bullying: State and federal law prohibit discrimination in education programs and activities. The District is primarily responsible for compliance with federal and state laws and regulations. (Cal. Code Regs., tit. 5, § 4620.)

Under state law, all pupils have the right to attend classes on school campuses that are safe, secure, and peaceful. (Ed. Code, § 32261.) State law requires school districts to afford all pupils equal rights and opportunities in education, regardless of their actual or perceived characteristics, such as disability (mental and physical), gender (includes gender identity, gender expression, and gender-related appearance and behavior whether or not stereotypically associated with the person’s assigned sex at birth), nationality (includes citizenship, country of origin and national origin), race or ethnicity (includes ancestry, color, ethnic group identification and ethnic background), religion (includes all aspects of religious belief, observance and practice, including agnosticism and atheism), sexual orientation (heterosexuality, homosexuality or bisexuality), or association with a person or group with one or more of these actual or perceived characteristics. The District prohibits discrimination, harassment, intimidation, bullying, and retaliation in all acts related to school activity or attendance. In addition to being the subject of a complaint, a pupil engaging in an act of bullying as defined by Education Code section 48900(r) may be suspended from school or recommended for expulsion.

The District’s Uniform Complaint Procedure may be used in cases where individuals or a group have suffered discrimination, harassment, intimidation, or bullying. (Cal. Code Regs., tit. 5, §§ 4610, 4630, 4650, Ed. Code, § 234 et seq., 48900(r).)

Extensions will not be automatically granted, but may be granted for good cause. (Cal. Code Regs., tit. 5, § 4630(b))

COMPLAINTS OTHER THAN DISCRIMINATION, HARASSMENT, INTIMIDATION, AND BULLYING

Any individual, public agency or organization has the right to file a written complaint alleging that the District has violated a federal or state law or regulation governing any program listed in items 1-15 above. (Cal. Code Regs., tit. 5, § 4630(b)(1))

7. Complaints relating to Special Education, but only if:
   a. District unlawfully refuses to provide a free appropriate public education to handicapped students; or
   b. District refuses to comply with due process procedures or fails to implement due process hearing order; or

For pupil fee complaints, this includes reasonable efforts by the school to ensure full reimbursement to all affected pupils, parents, and guardians, subject to procedures established through regulations adopted by the state board.

b. If a complaint is denied, in full or in part, by the Department of Education, the complainant may request reconsideration by the State Superintendent of Public Instruction. (Cal. Code Regs., tit. 5, § 4665)

In addition to the above-described complaint procedure, or upon completion of that procedure, complainants may have civil law remedies under state or federal discrimination, harassment, intimidation or bullying laws. These civil law remedies can include, but are not limited to, injunctions and restraining orders. These civil law remedies are granted by a court of law and may be used, in part, to prevent the District from acting in an unlawful manner. NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise the parent or eligible student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a
special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records, without prior consent, to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

MODEL NOTIFICATION OF RIGHTS UNDER THE PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- Consent before students are required to submit a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
  1. Political affiliations or beliefs of the student or student’s parent;
  2. Mental or psychological problems of the student or student’s family;
  3. Sex behavior or attitudes;

  8. Income, other than as required by law to determine program eligibility.

- Receive notice and an opportunity to opt a student out of:
  1. Any other protected information survey, regardless of funding;
  2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screening, or any physical exam or screening permitted or required under State law; and
  3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

  1. Protected information surveys of students;
  2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
  3. Instructional material used as part of the education curriculum.
These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law. The San Joaquin Building Futures Academy (SJBFA) will develop and adopt policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

SJBFA will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. SJBFA will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. SJBFA will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time.

For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.

Student Conduct Code

Dear Parent/Legal Guardian/Caregiver/Adult Student:

San Joaquin County Building Futures Academy (SJBFA) administration, teachers, and staff strive to create positive educational settings that are safe and productive for all students. Students in SJBFA are expected to adhere to a strict code of conduct while at school or any school sponsored event. Students are expected to follow all program and school rules at all times and RESPECT THEMSELVES, OTHERS, AND THEIR PROPERTY. Therefore, students should be aware of possible consequences for negative or inappropriate behavior. Disciplinary action taken by school officials is a direct consequence of unacceptable behavior by a student. The Superintendent has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Every pupil shall attend school punctually and regularly; conform to the regulations of the school; obey promptly all the directions of his/her teacher and others in authority; be diligent in study; respectful to his/her teacher and others in authority; kind and courteous to classmates; and refrain entirely from the use of profane, vulgar, or abusive language. (CCR, Title 5, sec. 300).

Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic communication device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during non-school hours.

Field trips, Quests, and school-sponsored events are considered to be part of the educational program. Participants/spectators carry responsibilities as representatives of their schools. All rules of the Student Conduct Code apply.

It is noted by your signature on the Consent Form-Acknowledgement of Parent/Legal Guardian of “Annual Rights Notification”/Handbook form, that you, as a parent/legal guardian, have read and understand the Student Conduct Code.

SJBFA is a permissive program. This means there is no legal requirement to enroll a student or to continue the enrollment of any student who:

- violates the rules stated in the Student Conduct Code,
- fails to achieve/meet minimum program expectations,
- otherwise presents himself/herself as a negative influence upon the program’s other students or staff.

A STUDENT SHALL BE SUBJECT TO DISMISSAL IF ANY OF THESE SITUATIONS ARE EVIDENT.
SUSPENSION AND EXPULSION
GENERAL INFORMATION
A pupil shall not be suspended or expelled for any of the acts listed in Education Code 48900/48915 unless the act is related to a school activity or school attendance occurring within a school under the jurisdiction of the superintendent of the school district or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are listed in E.C.48900/48915 and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:

- while on the school grounds
- while going to or coming from school
- during the lunch period whether on or off the campus
- during, or while going to or coming from a school-sponsored activity

The Assistant Superintendent, Program Administrator, or designee may suspend a student from a school site for any of the acts listed in the following pages for not more than five consecutive school days.

- Students accumulating 20 days of in-school and/or home suspension are subject to involuntary transfer to another school.
- Students may be suspended on the first offense if it is determined that the pupil’s presence causes a danger to persons or property or threatens to disrupt the instructional process.
- A student can be removed from the classroom and school site via suspension for any of the acts listed in the following pages for the day of the offense and any additional days deemed necessary by the site administrator based on the severity of the offense.
- Students may be denied the privilege of participation in all extracurricular activities during the period of the suspension or expulsion.
- Appropriate law enforcement authorities will be notified as required by law.

As defined under Education Code section 48925 (d), suspension means removal of a pupil from ongoing instruction for adjustment purposes. Disciplinary action will be taken if a student’s behavior is disruptive to the instructional process or causes a danger to persons or property even though the offense is not defined in this Student Conduct Code.

Parental involvement plays an important role in the resolution of classroom/program behavior problems. Site administrator or designee will communicate with parents/guardians when behavior problems arise.

Career Preparation Standard Integrated Lessons, assignments, and projects are centered on business related themes which bring real world application to the learning experience.

Students have opportunities to individualize their instruction. Expectations are modified based on the abilities of each student. Teachers and students may conference with one another to determine what content areas they will emphasize in the work they do based upon their needs. However, final determination of specific content areas rest with the teacher and is based on evidence of student progress.

**DRESS CODE**
You have enrolled in a program that will prepare you for your future career. Appropriate attire is required for all programs. Your instructor will give you specific dress requirements.

**INSTRUCTIONAL STAFF**
We are very proud of our instructional staff. Teachers are selected on the basis of business and industry experience in their field, as well as their academic education and teaching ability. They are also hired for their ability to care for and work with the diverse student population found at CTE. All of our teachers have appropriate credentials as required by the California Education Code.

**INTERNSHIPS**
On-the-job training is one of the teaching methods used in many CTE programs. CTE maintains written agreements with local businesses to provide supervised, non-paid internship training (Community Classroom) at actual work sites. Some programs offer paid internships (Cooperative Technical Education) arranged
between individual students, industry work sites and CTE instructors. To be eligible for either type of internship, students must have successfully completed the required course work and skill development, have their instructor’s recommendation, attend related classroom instruction at least once a week during the internship, and be able to provide their own transportation to and from the training site.

COMMUNITY RELATIONS

The Superintendent is committed to providing educational programs and services which meet state mandates and which reflect the needs of local school districts, the community and the region. That commitment extends to include the responsibility for keeping the community and the public fully informed of the developments within the County Office of Education.

Characteristics of Good Community Relations

The success of community relations depends to a great extent on how well people understand the County Office goals and accomplishments. Community relations is a function that evaluates public attitudes, shapes the policies of the organization in the public interest and produces a program of action to earn community understanding and respect.

The characteristics of an effective community relations program are:

- **Careful Planning and Organization**
  Each program, department, and the County Office of Education as a whole should have a community relations plan.

- **A Systematic Plan and Provisions for Continuous Information**
  On-going communication is necessary to ensure the message is available to the public.

- **Two-way Communication**
  The County Office of Education can identify needs, values and expectations, and then be responsive.

- **Development of Strategy**
  It is not just what is said and done, but how things are handled that leaves impressions about character and competence.

- **Internal and External Involvement**
  Sound community relations works from the inside out. Staff must be informed and involved in the decisions that affect them.

- **Recognition of Its Importance to Management and Management Issues**
  It helps managers know when to modify programs and services and keeps them close to the clients they serve. It enables managers to spot emerging issues early and avoid or minimize problems later.

- **Personal Communication**
  Non-verbal signals as well as how staff speak and dress, treat others, function in a meeting, handle news media, conduct interviews and hold day-to-day conversations have the effect of representing the County Office of Education.
COMMUNITY RELATIONS

Visits to the Schools
The San Joaquin County Office of Education (SJCOE) encourages parents/guardians and interested members of the community to visit the schools, view the educational program, and offer constructive comments.

Besides inviting parents/guardians and the community to open house activities and other special events, the deputy superintendent or designee shall develop procedures, which facilitate visits during regular school days when all visitors must first register at the school office.

The program administrator or designee may refuse to register any visitor whose acts or presence he/she judges would disrupt normal school operation, threaten the health and safety of students or staff, or cause property damage.

To ensure minimum interruption of the regular classroom program, school visits should be first arranged with the teacher and program administrator or designee. If a conference is desired, an appointment should be set with the teacher for a time before school, after school, or during the teacher’s preparation period.

The SJCOE recognizes that under California law, any person whose conduct materially disrupts class work or extracurricular activities or cause a disturbance on school grounds may be guilty of a misdemeanor and subject to a fine, imprisonment, or both. When such conduct occurs, the Superintendent may take action leading to the imposition of these penalties.

Possession of unauthorized dangerous instruments, weapons or devices is prohibited on school premises, on any public right-of-way immediately adjacent to school property, or any other place where a teacher and student(s) are required to be in a connection with assigned school activities.

Visits to the Schools/Programs
It is the policy of the San Joaquin County Office of Education (SJCOE) to welcome visits by parents/guardians/surrogates and other interested persons to schools and centers operated by SJCOE. Besides inviting parents/guardians and the community to open house activities and other special events, the deputy superintendent or designee shall develop procedures which facilitate visits during regular school days when all visitors must first immediately register at the school office. Individuals who wish to visit or have business on the campus of any public school/center operated by SJCOE must make their presence known to the SJCOE site administrator or designee before proceeding to the classroom.

The deputy superintendent, or designee, shall post at every entrance to each county-operated program a notice setting forth school hours, visitor registration location and requirements, penalties for refusing to leave school grounds, and any other announcements required by the local law enforcement agency in order to pursue the arrest of persons found loitering or trespassing.

The administrators, teachers, and staff seek to provide for the successful educational, emotional, and social development of all students. Uninterrupted, protected educational time is paramount to accomplish this goal. Observations will be reasonable so as not to disrupt classroom instruction.

The following are the visitation regulations for programs operated by SJCOE:

1) Parents/guardians may observe instructional and other school activities that involve their child in accordance with superintendent’s policies and administrative regulations adopted to ensure the safety of students and staff, prevent undue interference with instruction or harassment of school staff, and provide reasonable accommodations to parents/guardians. To ensure minimum interruption of the regular classroom program, school visits should be first arranged in advance with the teacher and program administrator or designee for an agreeable time. Upon request, the superintendent or designee shall arrange for parental observation of a class or activity in a reasonable time frame.

2) If a conference is desired, an appointment should be set with the teacher for a time before school, after school or during the teacher’s preparation period.

3) Each visitor/observer, including but not limited to a student’s guardian/parent/surrogate, must check in with the site administrator or designee before the commencement of each visit/observation.

4) All visitors must register. Visitors shall, upon request, furnish the administrator or designee with the following information:
   a) Name, address, and occupation;
   b) Purpose for entering school grounds;
   c) Proof of identity; and
   d) Other information consistent with the provisions of law.

Policy Adopted: November 17, 1993
Policy Amended: November 12, 2009
San Joaquin County Office of Education
5) An employee must be present for the duration of the visitation. The length of visitation should be agreed upon by the administrator, teacher, and parent to be within reasonable duration.

6) The behavior of each visitor/observer, including but not limited to a student’s guardian/parent/surrogate, during a school/visitation must be supportive of the school and classroom environment, e.g., no cell phones. Visitors should refrain from conversations with, including but not limited to teachers, students or staff during the visit or observation unless the purpose of the visit is a prearranged and scheduled meeting with the teacher, staff, etc.

7) No electronic listening or recording devices may be used by students or visitors in a classroom without the teacher and program director or administrator’s permission.

8) Possession of unauthorized dangerous instruments, weapons or devices is prohibited on school premises, on any public right-of-way immediately adjacent to school property, or any other place where a teacher and student(s) are required to be in connection with assigned school activities.

9) The principal or designee may refuse to register any visitor if it has been reasonably concluded that the visitor’s presence or actions would disrupt the school, students, or employees; threaten the health and safety of students or staff; would result in damage to property; or would result in the distribution or use of a controlled substance. The principal or designee or school security officer may revoke a visitor’s registration if there is a reasonable basis for concluding that the visitor’s presence on school grounds would interfere or is interfering with the peaceful conduct of school activities or would disrupt or is disrupting the school, students or staff. Any person the program administrator or designee asks to leave school grounds shall promptly comply.

10) All staff members should watch for strangers on program grounds and ask such persons if they have registered in the program office. Staff shall inform the program administrator when anyone present refuses to comply with the registration requirement.

11) The SJCOE recognizes that under California law, any person whose conduct materially disrupts classwork or extracurricular activities or causes a disturbance on school grounds may be guilty of a misdemeanour and subject to a fine, imprisonment, or both. Any visitor who fails to register within a reasonable time after entering the school grounds, who fails to leave upon request of the program administrator or designee, or who returns after leaving pursuant to such a request has committed an unlawful act. When such conduct occurs, the superintendent may take action leading to the imposition of these penalties.

**Appeal Procedure**

Any person who is denied registration or whose registration is revoked may appeal to the superintendent or assistant superintendent by submitting, within five (5) days after the person’s departure from school grounds, a written request for a hearing. This request must state why he/she believes the denial or revocation was improper and must provide an address to which the hearing notice may be sent. Upon receipt of the request for a hearing, the superintendent or assistant superintendent shall promptly mail a notice of the hearing to the person requesting it. A hearing before the superintendent or assistant superintendent shall be held within seven (7) days after receipt of the request. (Penal Code 627.5)

Complaints Concerning Personnel

The Director of Human Resources shall determine whether a complaint should be considered a complaint against the San Joaquin County Office of Education (SJCOE) and/or an individual employee and whether it should be resolved by the process for complaints concerning personnel and/or other SJCOE procedures. Complaints against SJCOE and/or an individual employee that allege discrimination, harassment, intimidation, bullying, or retaliation, and/or which allege that SJCOE has violated federal or state laws or regulations governing education programs will not be processed under this procedure. Such complaints will be processed under the 1312.3 – Uniform Complaint Procedure or 5145.7 – Sexual Harassment or AR 4031 – Complaints Concerning Discrimination in Employment.

In order to promote fair and constructive communication, the following procedures shall govern the resolution of complaints. Every effort should be made to resolve a complaint at the earliest possible stage.

1. Complaints concerning SJCOE personnel should be made directly by the complainant to the person against whom the complaint is lodged. If the complainant is uncomfortable doing so the complaint should be made directly to the Director of Human Resources. Parents/guardians/citizens are encouraged to communicate directly with the staff member in order to resolve concerns.

2. If the complaint is not resolved informally, the complainant may submit a written complaint to the Director of Human Resources. Complaints related to the Director of Human Resources shall be initially filed in writing with the Superintendent. Complaints related to the Superintendent shall be initially filed in writing with the San Joaquin County Board of Education.

A form (E 1312.1) will be provided for the complainant's convenience. If the complainant is unable to prepare the complaint in writing, staff shall help him/her do so.

3. When a written complaint is received, the employee against whom the complaint is made shall be notified within five calendar days or in accordance with collective bargaining agreements.

4. A written complaint must include:

   a. The name of each employee involved.
   b. A brief, but specific, summary of the complaint and the facts surrounding it.
   c. A specific description of any prior attempt to discuss the complaint with the employee and the failure to resolve the matter.

5. The Director of Human Resources may designate an individual to investigate a complaint who will attempt to resolve the complaint to the satisfaction of the person(s) involved within 30 days, unless the complainant agrees in writing to an extension of time. If the complaint is resolved, the designated investigator will so advise all concerned parties, including the Director of Human Resources.
6. Parties should consider and accept the designated investigator’s decision as final. However, the complainant, the employee complained against, or the investigator may ask to address the Director of Human Resources regarding the complaint.

7. If the Director of Human Resources cannot resolve the complaint, it may be heard by the Superintendent. No party to a complaint may address the Superintendent unless the Superintendent has received the written report concerning the complaint from the Director of Human Resources. The report shall contain, but is not limited to:

   a. The name of each employee involved.
   b. A brief but specific summary of the complaint and the facts surrounding it, sufficient enough to inform the Superintendent and the parties as to the precise nature of the complaint, and to allow the parties to prepare a response.
   c. A copy of the signed original complaint.
   d. A summary of the action taken by the Director of Human Resources with his/her specific finding that disposition of the case at that level has not been possible and the reasons why.

Refusal by SJCOE to provide the investigator with access to records and/or other information related to the allegations in the complaint, to fail or refuse to cooperate in the investigation, or to engage in any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, to fail or refuse to cooperate in the investigation, or to engage in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

The decision of the Superintendent shall be final as to remedies provided by SJCOE.

NOTIFICATIONS

The Director of Human Resources shall meet the notification requirements of the Code of Regulations, Title 5, Section 4622, including the annual dissemination of SJCOE complaint procedures and information about available appeals, civil law remedies, and conditions under which a complaint may be taken directly to the California Department of Education.

The Director of Human Resources shall ensure that complainants understand that they may pursue other remedies, including actions before civil court or other public agencies. Remedies may include court orders, preliminary injunctions, and/or restraining orders.

The above notification shall state that complainants may seek help from agencies such as legal assistance agencies, local mediation centers, or from private attorneys.

Uniform Complaint Procedures

As the primary employer for all San Joaquin County Office of Education (SJCOE) staff, it is the intent of the Superintendent to address and resolve any concerns and/or complaints in a prompt and equitable manner. The Superintendent recognizes that SJCOE is primarily responsible for ensuring that it complies with state and federal laws and regulations governing educational programs. Complaints against SJCOE and/or an individual that alleges sexual harassment or resulting retaliation will be processed under 5145.7 – Sexual Harassment or AR 4031 – Complaints Concerning Discrimination in Employment. Any person or group having a legitimate interest in the programs and services of SJCOE shall have the right to present a request, suggestion, or complaint concerning personnel, programs, materials, or operations. At the same time, the Superintendent has a duty to protect staff from unnecessary harassment. The Superintendent encourages the early, informal resolution of complaints at the site level whenever possible. To resolve complaints which cannot be resolved through such informal process, the Superintendent adopts the uniform system of complaint processes specified in 5 CCR §§ 4600-4670 and the accompanying administrative regulation.

The SJCOE uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging SJCOE violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs.

2. Any complaint alleging the occurrence of unlawful discrimination, harassment (except for sexual harassment), intimidation, or bullying against any person in SJCOE programs and activities, including, but not limited to, those programs or activities funded directly by or that receive or benefit from any state financial assistance, based on the person’s actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, genetic information, gender non-conformance, gender stereotyping, or any other characteristic identified in Education Code 200 or 220, Government Code § 11135, or Penal Code § 422.55, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics.

3. Any complaint alleging SJCOE noncompliance with the requirement to provide reasonable accommodation to a lactating student on school campus to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student.

4. Any complaint alleging noncompliance with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities.

5. Any complaint alleging noncompliance with legal requirements related to the implementation of the Local Control Accountability Plan (LCAP).
6. Any complaint, by or on behalf of any student who is a foster youth, alleging SJCOE noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the SJCOE’s educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from graduation requirements.

7. Any complaint, by or on behalf of a homeless student as defined in 42 USC § 11434a, alleging SJCOE noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from graduation requirements.

8. Any complaint alleging SJCOE noncompliance with the requirements of Education Code §§ 51228.1 and 51228.2 that prohibit the assignment of a student to a course without educational content for more than one week in any semester or to a course the student has previously satisfactorily completed, without meeting specified conditions.

9. Any complaint alleging SJCOE noncompliance with the physical education instructional minutes requirement for students in elementary school.

10. Any complaint alleging SJCOE noncompliance with federal or state laws or regulations governing regional occupational centers and programs.

11. Any complaint alleging SJCOE noncompliance with federal or state laws or regulations governing SJCOE’s participation in any student financial assistance program authorized by Title IV.

12. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy.

13. Any other complaint as specified in a SJCOE policy.

The Superintendent recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is agreeable to all parties. ADR such as mediation may be offered to resolve complaints. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. In accordance with the UCP, whenever all parties to a complaint agree to try resolving the problem through mediation, the Director of Human Resources shall initiate that process.

The Superintendent acknowledges and respects every individual’s right to privacy. Discrimination, harassment, intimidation, or bullying complaints shall be investigated in a manner that protects the confidentiality of the parties and the facts as required by law. This includes keeping the identity of the complainant confidential, except to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee on a case-by-case basis.
The Superintendent prohibits retaliation in any form for participating in complaint procedures, including, but not limited to, the filing of a complaint or the reporting of instances of discrimination, harassment, intimidation, or bullying. Such participation shall not, in any way, affect the status, grades, or work assignments of the complainant. All complaints of retaliation, aside from those resulting from a 5145.7 – Sexual Harassment Complaint or AR 4031 – Complaints Concerning Discrimination in Employment, will be processed under the UCP.

When an allegation that is not subject to the UCP is included in a UCP complaint, SJCOE shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the SJCOE UCP.

The Superintendent or designee shall provide annual training on issues related to gender nonconformance and gender-based harassment to SJCOE staff who have responsibility for investigating or supervising the investigation of gender-based harassment complaints and to administrators and staff who are employed in or oversee the SJCOE classes for students with emotional disabilities. SJCOE staff who investigate or supervise investigations will also receive training to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state law and SJCOE policy.

**Non-UCP Complaints**

The following complaints shall not be subject to the SJCOE UCP but shall be referred to the specified agency:

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services, and the appropriate law enforcement agency.

2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.

3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.

4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, SJCOE Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to the following:
1. Sufficiency of textbooks or instructional materials.

2. Emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff.

3. Teacher vacancies and misassignments.

Uniform Complaint Procedure

Except as the Superintendent may otherwise specifically provide in other SJCOE policies, these uniform complaint procedures (UCP) shall be used to investigate and resolve only the complaints specified in SP 1312.3.

Compliance Officer

The Superintendent expects that complaints of alleged noncompliance or discrimination brought by students, employees, parents/guardians, or other members of the community will be resolved in a prompt and equitable manner.

The Superintendent designates the following position as the Noncompliance/Nondiscrimination Coordinator to receive and investigate complaints and to ensure SJCOE compliance with the law:

The Director of Human Resources
San Joaquin County Office of Education
2901 Arch Airport Road, Stockton, CA 95206 (physical)
P.O. Box 213030, Stockton, CA  95213-9030 (mailing)
(209) 468-4820

The Director of Human Resources may assign another compliance officer to investigate and resolve a complaint. The Director of Human Resources shall promptly notify the complainant if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which he/she has a bias or conflict of interest that would prohibit him/her from fairly investigating or resolving the complaint. Any complaint against or implicating a compliance officer may be filed with the Superintendent or designee.

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall include current state and federal laws and regulations governing the program, applicable processes for investigating and resolving complaints, including those involving alleged unlawful discrimination, harassment, intimidation, bullying, or related retaliation, applicable standards for reaching decisions on complaints, and appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent or designee.

The Director of Human Resources or, if necessary, any appropriate administrator shall determine whether interim measures are necessary during and pending the result of an investigation. If interim measures are determined to be necessary, the Director of Human Resources or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site administrator to implement, if possible, one or more interim measures. The interim measures may remain in place until the Director of Human Resources determines that they are no longer necessary or until the SJCOE issues its final written decision, whichever occurs first.
Notifications

SJCOE UCP policy and administrative regulation shall be posted in all county-operated school sites and offices, including staff lounges. The Director of Human Resources shall annually provide written notification of the SJCOE UCP, including information regarding unlawful student fees, local control and accountability plan (LCAP) requirements, and requirements related to the educational rights of foster youth and homeless students, to students, employees, parents/guardians, advisory committees, appropriate private school officials or representatives, and other interested parties. (5 CCR § 4622)

The annual notification and complete contact information of the compliance officer may be posted on the SJCOE website and, if available, provided through SJCOE-supported social media.

The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in SJCOE policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular county-operated program speak a single primary language other than English, the policy, regulation, forms, and notices concerning UCP shall be translated into that language in accordance with Education Code §§ 234.1 and 48985. In all other instances, SJCOE shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints.

2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination, harassment, intimidation, and bullying laws, if applicable.

3. Advise the complainant of the appeal process, including, if applicable, the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies, such as the U.S. Department of Education's Office for Civil Rights (OCR) in cases involving unlawful discrimination, harassment, intimidation, bullying, or related retaliation.

4. Include statements that:
   a. SJCOE has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
   b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
c. A complaint alleging unlawful discrimination, harassment, intimidation, bullying, or related retaliation must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.

d. A lactating student on a school campus shall be provided reasonable accommodation to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student.

e. A student enrolled in a public school shall not be required to pay a fee for his/her participation in an educational activity that constitutes an integral fundamental part of the educational program of SJCOE, including curricular and extracurricular activities.

f. The Board is required to adopt and annually update the LCAP in a manner that includes meaningful engagement of parents/guardians, students, and other stakeholders in the development and/or review of the LCAP.

g. A foster youth shall receive information about educational rights related to his/her educational placement, enrollment in and checkout from school, as well as the responsibilities of the SJCOE liaison for foster youth to ensure and facilitate these requirements and to assist the student in ensuring proper transfer of his/her credits, records, and grades when he/she transfers between schools or between SJCOE and another district.

h. A foster youth or homeless student who transfers into a county-operated high school or between county-operated high schools shall be notified of the SJCOE’s responsibility to:

SJCOE Responsibilities

All UCP-related complaints shall be investigated and resolved within 60 calendar days of the SJCOE’s receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.

The Director of Human Resources shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR §§ 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the Director of Human Resources shall keep all complaints or allegations of unlawful discrimination, harassment, intimidation, bullying, or related retaliation confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process.

Filing of Complaint

The complaint shall be presented to the Director of Human Resources who shall maintain a log of complaints received.

All complaints shall be filed in accordance with the following:

1. A written complaint alleging SJCOE violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs may be filed by any individual, public agency, or organization.
2. Any complaint alleging noncompliance with the law regarding the prohibition against requiring students to pay student fees, deposits, charges, and regarding noncompliance with the LCAP requirements may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the school site administrator. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred.

3. A complaint alleging unlawful discrimination, harassment, intimidation, bullying, or related retaliation may be filed by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation, bullying, or retaliation or by a person who believes that an individual, or any specific class of individuals, has been subjected to unlawful discrimination, harassment, intimidation, bullying, or retaliation. The complaint shall be initiated no later than six months from the date when the alleged discrimination, harassment, intimidation, bullying, or retaliation occurred or when the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, bullying, or related retaliation. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.

4. When a complaint alleging unlawful discrimination, harassment, intimidation, bullying, or related retaliation is filed anonymously, the Director of Human Resources shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.

5. When the complainant or alleged victim of unlawful discrimination, harassment, intimidation, bullying, or related retaliation requests confidentiality, the Director of Human Resources shall inform him/her that the request may limit the ability of SJCOE to investigate the conduct or take other necessary action. When honoring a request for confidentiality, SJCOE shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

6. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, SJCOE staff shall help him/her in the filing the complaint.

**Mediation**

The Director of Human Resources may informally discuss with the complainant the possibility of using mediation. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the complainant agrees to mediation, the Director of Human Resources shall make all arrangements for this process.

**Investigation of Complaint**

The Director of Human Resources is encouraged to hold an investigative meeting within 10 calendar days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an
opportunity for the complainant and/or his/her representative to repeat the complaint(s) orally and present any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the Director of Human Resources also shall collect all documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The Director of Human Resources shall individually interview all witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. To investigate a complaint alleging unlawful discrimination, harassment, intimidation, bullying, or related retaliation, the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, to fail or refuse to cooperate in the investigation, or to engage in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

The accused and/or his/her representative and SJCOE representatives shall also have an opportunity to present any evidence or information relevant to the complaint.

Refusal by the accused and/or by SJCOE to provide the investigator with access to records and/or other information related to the allegations in the complaint, to fail or refuse to cooperate in the investigation, or to engage in any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

The Director of Human Resources shall apply a "preponderance of the evidence" standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

**Report of Findings**

Within 60 calendar days of receiving the complaint, the Director of Human Resources shall prepare and send to the complainant a written report of the investigation and decision, as described below, unless the complainant agrees in writing to an extension of time.

If an investigation of an allegation of harassment, gender-based or otherwise, against an employee yields evidence that a student was subjected to harassment by other students, or if the investigation of an allegation against other students yields evidence of harassment by an employee, SJCOE will pursue an investigation on that issue as well.

**Final Written Decision**

The report of the decision shall be in writing and sent to the complainant.
The report of the decision shall be written in English and in the primary language of the complainant whenever feasible or required by law. If it is not feasible to write this report in the complainant’s primary language, SJCOE shall arrange a meeting at which a community member will interpret for the complainant.

This report shall include:

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
   a. Statements made by any witnesses.
   b. The relative credibility of the individuals involved.
   c. How the complaining individual reacted to the incident.
   d. Any documentary or other evidence relating to the alleged conduct.
   e. Past instances of similar conduct by any alleged offenders.
   f. Past false allegations made by the complainant.

2. Conclusion(s) of law.

3. Disposition of the complaint.

4. Rationale for such disposition.

For complaints of unlawful discrimination, harassment, intimidation, bullying, or related retaliation, the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

   a. How the misconduct affected one or more students' education.
   b. The type, frequency, and duration of the misconduct.
   c. The relationship between the alleged victim(s) and offender(s).
   d. The number of persons engaged in the conduct and at whom the conduct was directed.
   e. The size of the school, location of the incidents, and context in which they occurred.
   f. Other incidents at the school involving different individuals.
5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code § 49013 and 5 CCR § 4600.

For complaints of unlawful discrimination, harassment, intimidation, bullying, or related retaliation, the decision may, as required by law, include:

a. The corrective actions imposed on the individual found to have engaged in the conduct that relate directly to the subject of the complaint.

b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint.

c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence.

6. Notice of complainant’s right to appeal the decision within 15 days to the California Department of Education (CDE), and procedures to be followed for initiating such an appeal. The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination, harassment, intimidation, bullying, or related retaliation complaints based on state law, the decision shall also include a notice to the complainant that:

1. He/she may pursue available civil law remedies outside of the complaint procedures of SJCOE, including seeking assistance from mediation centers or public/private interest attorneys, 60 days after filing of an appeal with the CDE.

2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law.

3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

**Corrective Actions**

When a complaint is found to have merit, the Director of Human Resources shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or SJCOE environment may include, but are not limited to, actions to reinforce SJCOE policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving unlawful discrimination, harassment, intimidation, bullying, or related retaliation, appropriate corrective actions that focus on the victim may include, but are not limited to, the following:
1. Counseling.

1. Academic support.

2. Health services.

4. Assignment of an escort to allow the victim to move safely about campus.

5. Information regarding available resources and how to report similar incidents or retaliation.

6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim.

7. Restorative justice.

8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation.

9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint.

For complaints involving unlawful discrimination, harassment, intimidation, bullying, or related retaliation, appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law.

3. Education regarding the impact of the conduct on others.

4. Positive behavior support.

5. Referral to a student success team.

6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law.

7. Disciplinary action, such as suspension or expulsion, as permitted by law.

SJCOE may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that SJCOE does not tolerate it, and how to report and respond to it.
If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, SJCOE shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education.

For complaints alleging noncompliance with the laws regarding student fees, SJCOE shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint.

**Appeals to the California Department of Education**

Any complainant who is dissatisfied with the final written decision made by SJCOE may file an appeal in writing to the CDE within 15 calendar days of receiving the decision of SJCOE.

When appealing to the CDE, within 15 days of receiving the decision, the complainant must specify the reason(s) for appealing the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and the decision.

Upon notification by the CDE that the complainant has appealed the decision made by SJCOE, the Superintendent or designee shall forward the following documents to the CDE:

1. A copy of the original complaint.
2. A copy of the written decision.
3. A summary of the nature and extent of the investigation conducted by SJCOE, if not covered by the decision.

5. A report of any action taken to resolve the complaint.
6. A copy of SJCOE uniform complaint procedures.
7. Other relevant information requested by the CDE.

The CDE may directly intervene in the complaint without waiting for action by SJCOE when one of the conditions listed in 5CCR § 4650 (Basis of Direct State Intervention) exists, including in those cases where SJCOE has not taken action within 60 calendar days of the date the complaint was filed.

STUDENTS

PROMOTION AND RETENTION

Upon the enrollment of a student within any San Joaquin County Office of Education school or program, an assessment shall be completed in the areas of:

1. word recognition/reading;
2. writing, and;
3. mathematics.

The following regulations apply to pupils who:

- are in grades 2 through 9;
- are enrolled for more than one full academic year;
- are enrolled at the beginning of the school year;
- will not be returned to their district of residence for the next academic year.

Student Identification to be Considered for Retention by Grade Level

As prescribed by law, the Superintendent or designee shall identify students who should be retained or who are at risk of being retained at the following grade levels (Education Code Section 48070.5):

1) Proficiency primarily in reading for students between:
   a. grades two and three; and
   b. grades three and four.

2) Proficiency primarily in reading, English, language arts, and mathematics for students between:
   a. grades four and five; and
   b. the end of the intermediate grades and the beginning of middle school grades;
   c. grades seven and eight; and
   d. the end of middle school grades and the beginning of high school grades (grade 9).

Criteria for Consideration of Retention

Students shall be identified on the basis of the following indicators:

- current student achievement (grades and/or credits earned);
- individual student goals as indicated on the Individual Learning Plan;
- composite performance on multiple assessments;
- portfolio of student work;
- school attendance;
- informal teacher records.
Students shall be assessed by the Smarter Balanced Assessment Program provided that the student is enrolled in the program during the administration of this assessment. Smarter Balanced Assessment Program results will be considered according to guidelines outlined in current Education Code.

Special Populations
With regard to special education students, the determination as to the appropriate standards for promotion or retention shall be made part of the IEP process.

Decisions regarding the promotion or retention of English Learners require special considerations. It is inappropriate to retain English Learners who have failed to meet academic standards in areas in which they have only been provided limited instruction. English Learners can be identified as being at risk of retention based on challenges they face in acquiring proficiency and mastering subject area content in English. English Learners determined to be at risk will be provided with supplemental instruction designed to meet their needs.

Designation of Teacher
1. The teacher making the recommendation for promotion/retention shall be the teacher who:
   a. serves as the full-time credentialed teacher for the student during the entire instructional day for the student; or
   b. provides more than 50% of the student’s instruction for any school day.

2. The Student Study Team makes the recommendation for promotion/retention for those students enrolled in a departmentalized instructional program.

Teacher Determination for Student Retention
If a student is identified as performing below the minimum standards for promotion, the student shall be retained in his/her current grade level unless the student’s teacher determines, in writing, that retention is NOT the appropriate intervention for the student’s academic deficiencies. This determination shall specify the reasons that retention is NOT appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the teacher, are necessary to assist the students in attaining acceptable levels of academic achievement.

If the teacher determines that retention is the appropriate intervention for the student’s academic deficiencies, the teacher will develop a written action plan, which may include:

1. identification of specific areas of academic deficiencies;
2. recommendations for the provision for remedial instruction;
3. recommendations for specific materials and strategies the parent can utilize to improve the student’s academic skill levels.
 Requirement for Parent Notification of Student “At-Risk” of Retention [See Sample Letter, Appendix “A”]

When a student is identified as being at risk of retention, the Superintendent or designee shall so notify the student’s parent/guardian, in writing, as early in the school year as practicable. The student’s parent/guardian shall be provided a copy of the Board of Education’s policy on “Promotion and Retention,” and be provided an opportunity to consult with the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5)

Provision of Remedial Instruction

To the extent to which county offices of education are funded to provide systematic and intensive supplemental instruction to students retained pursuant to Education Code Section 48070.5, with parent/guardian consent, the Superintendent or designee may require a student who has been recommended for retention or identified as being at-risk of retention, to participate in a supplemental instructional program.

1. Such programs shall be offered during the summer, beyond the regular instructional day, or a combination thereof. However, a student shall not be removed from instruction of his/her regular day core curriculum.

2. The aforementioned services shall be provided to students in the following priority order:
   a. students who have been recommended for retention or who have been identified as being at risk of retention pursuant to EC 48070.5;
   b. students who have been identified as having a deficiency in mathematics, reading, or written expression based upon the results of tests administered by the county office or under the Smarter Balanced Assessment Program.

Final Teacher Recommendation for Retention/Promotion

1. The decision to promote or retain a student may be appealed consistent with Board policy, administrative regulations, and the law.

2. The burden shall be on the appealing party to show why the teacher’s decision should be overruled.

3. To appeal the teacher’s decision, the parent/guardian, and the student, if appropriate, shall submit a written request to the Superintendent or designee specifying the reasons why the teacher’s decision should be overruled. The appeal must be initiated within ten (10) school days of the determination of retention or promotion. The teacher shall be provided an opportunity to state orally and/or in writing the criteria on which his/her decision was based.

4. If the Superintendent or designee determines that the appealing party has overwhelmingly demonstrated that the teacher’s decision should be overruled, then the Superintendent or designee shall overrule the teacher’s decision.

5. If the decision is unfavorable to the appealing party, he/she shall have the right to submit a written statement, which shall become part of the student’s record.

CAASPP Testing

5 CCR § 852

§ 852. Pupil Exemptions.

(a) Each year the LEA shall notify parents or guardians of their pupil’s participation in the CAASPP assessment system in accordance with Education Code section 60604.

(b) The notification to parents or guardians, as defined in subdivision (a), shall include a notice of the provisions outlined in Education Code section 60615.

(c) A parent or guardian may annually submit to the school a written request to excuse his or her child from any or all parts of any test provided pursuant to Education Code section 60640 for the school year. If a parent or guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent or guardian and included in the pupil's records. An LEA and its employees may discuss the CAASPP assessment system with parents and may inform parents of the availability of exemptions under Education Code section 60615. The LEA and its employees shall not solicit or encourage any written exemption request on behalf of any child or group of children.

INSTRUCTION

Placement in Mathematics Courses
The Governing Board believes that a sound educational program must include the study of subjects that prepare students for admission to higher education and/or a fulfilling career. To the extent possible, San Joaquin Building Futures Academy (SJBFA) students shall be provided an opportunity to complete a sequence of mathematics courses recommended for admission into the University of California and California State University systems.

The Administrator or designee shall work with SJBFA teachers, counselors, and administrators and the representatives of feeder schools to develop consistent protocols for placing students in mathematics courses offered at SJBFA. Such placement protocols shall systematically take into consideration multiple objective academic measures that may include, but are not limited to, interim and summative assessments, placement tests that are aligned to state-adopted content standards in mathematics, classroom assignment and grades, and report cards.

Students shall be enrolled in mathematics courses based on the placement protocols. No student shall repeat a mathematics course which he/she has successfully completed based on the placement protocols of SJBFA.

When a student does not qualify to be enrolled in a higher level mathematics course based on a consideration of the objective measures specified in the placement protocols, he/she may nevertheless be admitted to the course based on the recommendation of a teacher or counselor who has personal knowledge of the student's academic ability.

The placement protocols shall specify a time within the first month of the school year when students shall be reevaluated to ensure that they are appropriately placed in mathematics courses and shall specify the criteria SJBFA will use to make this determination. Any student found to be misplaced shall be promptly placed in the appropriate mathematics course.

Within 10 school days of an initial placement decision or a placement decision upon reevaluation, a student and his/her parent/guardian who disagree with the placement of the student may appeal the decision to the Administrator or designee. The Administrator or designee shall decide whether or not to overrule the placement determination within 10 school days of receiving the appeal. The decision of the Administrator or designee shall be final.

SJBFA staff shall implement the placement protocols uniformly and without regard to students' race, sex, gender, nationality, ethnicity, socioeconomic background, or other subjective or discriminatory consideration in making placement decisions.
The Administrator or designee shall ensure that all teachers, counselors, and other SJBFA staff responsible for determining students' placement in mathematics courses receive training on the placement protocols. Prior to the beginning of each school year, the Administrator or designee shall communicate the commitment of SJBFA to providing students with the opportunity to complete mathematics courses recommended for college admission, including approved placement protocols and the appeal process, to parents/guardians, students, teachers, school counselors, and administrators.

This policy and the mathematics placement protocols of SJBFA shall be posted on the SJBFA web site.

Annually, the Governing Board and the Administrator or designee shall review student data related to placement and advancement in the mathematics courses offered at SJBFA to ensure that students who are qualified to progress in mathematics courses based on their performance on objective academic measures are not held back in a disproportionate manner on the basis of their race, ethnicity, gender, or socioeconomic background. The Governing Board and Administrator shall also consider appropriate recommendations for removing any identified barriers to students' access to mathematics courses.

Sexual Harassment
The San Joaquin County Office of Education (SJCOE) recognizes that sexual harassment can cause embarrassment, feeling of powerlessness, loss of self-confidence, reduced ability to perform schoolwork, and increased absenteeism or tardiness. SJCOE also recognizes that sexual harassment, like other disruptive or violent behavior, is conduct that disrupts a student’s ability to learn and the ability of SJCOE to educate its students in a safe environment. This policy applies to the unlawful sexual harassment of any student by any employee, student, or other person at school or at any school-related activity or program.

This policy, and its accompanying administrative regulation, contains information about and procedures that will apply to sexual harassment complaints and retaliation resulting from a sexual harassment complaint in any activity or program filed by, or on behalf of, students at the site level. All complaints alleging discrimination and/or all other forms of harassment will be processed pursuant to 1312.3 - Uniform Complaint Procedure.

Definitions
Pursuant to definitions set forth in Education Code 252.5, the following categories of conduct are included within the scope of sexual harassment, which is a form of sexual discrimination.

Education Code 212.5 provides that prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature when:

1. Submission to the conduct is explicitly or implicitly made a term or condition of an individual's academic status or progress.
2. Submission to or rejection of the conduct by an individual is used as the basis for academic decisions affecting the individual.
3. The conduct has the purpose or effect of having a negative impact on the individual's academic performance, or of creating an intimidating, hostile or offensive educational environment.
4. Submission to or rejection of the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the school.

Sexual Harassment includes, but is not limited to, the following actions:

1. Verbal Harassment: Such as repeated, unsolicited derogatory comments or slurs, or continued request for social or sexual contact after being advised such is unwelcome.
2. Physical Harassment: Such as physical interference or contact which is unwelcome or which impedes normal work movement when directed at an individual.
3. Visual Harassment: Such as derogatory posters, cartoons, or drawings, staring, or leering.

Policy Adopted: Nov. 17, 1993
Board Approved: January 18, 2006
Policy Revised: August 26, 2013
4. Sexual Favors: Such as sexual advances which condition an educational benefit in exchange for sexual favors or which may be perceived as such.

The Superintendent or designee shall ensure that students annually receive age-appropriate information related to sexual harassment and the appropriate complaint procedure. Students shall be assured that they need not endure any form of sexual behavior or communication, including harassment because of sexual orientation. They shall further be assured that they need not endure, for any reason, any harassment which impairs the educational environment or a student’s emotional well-being at school. Students complaining of sexual harassment shall not be required to work out the problem directly with the individual alleged to be harassing him/her.

Any student who engages in the sexual harassment of anyone at school or a school-related activity shall be subject to disciplinary action, which may include suspension and/or expulsion.

Any employee who engages in, permits, or fails to report sexual harassment, shall be subject to disciplinary action up to, and including, dismissal. In addition, criminal or civil charges may be brought against the alleged harasser; sexual harassment also may be considered a violation of laws relating to child abuse.

**Obligations of All Employees**

1. All employees (administrators, certificated staff, and classified staff) are responsible for familiarizing themselves with all SJCOE sexual discrimination policies and complaint procedures (including sexual harassment complaint procedures). Employees are responsible to be familiar with their duties in reporting incidents of sexual harassment which they observe or of which they otherwise have knowledge.

2. Within 24 hours of knowing of a complaint, employees shall report to the Director of Human Resources any conduct on the part of other employees or non-employees, such as sales representatives or service vendors, who sexually harass any student.

3. All employees shall cooperate with any investigation of an alleged act of sexual discrimination/harassment conducted by SJCOE or by an appropriate state or federal agency.

4. No employee of SJCOE shall take any action to discourage a victim of harassment from reporting such an instance. In addition, SJCOE prohibits any retaliation against the complaining party or other involved parties. Any person who violates this prohibition is subject to disciplinary action.

5. Because different procedures apply after a formal governmental administrative charge or complaint is filed, any supervisor receiving such a charge or complaint is directed to report it immediately to the Director of Human Resources.

6. Although it is the goal of this policy to identify and prevent sexually harassing behavior, if the problems and/or concerns arise, the affected student is urged to make use of the process set forth with the administrative regulation – AR 5145.7. However, any student has an absolute right to file a complaint with the Office of Civil Rights at any time within 180 days of the alleged harassment. (Office of Civil Rights, U.S. Department of Education, 50 Beale Street, Suite 7200, San Francisco, CA 94105. Phone (415) 486-5555)
Information on the sexual harassment policy and complaint procedure shall be annually disseminated to students, staff, and parents/guardians. All publications containing a summary of the policy will identify where the full policy can be obtained.

Students shall be informed that they should immediately contact a staff member if they feel they are being harassed. Within 24 hours, staff shall report complaints of sexual harassment to the Director of Human Resources. Staff shall similarly report any such incidents they may observe, even if the harassed student has not complained.

The Director of Human Resources shall immediately investigate, or designate an individual to investigate, any report of the sexual harassment of a student. Upon verifying that sexual harassment occurred, he/she shall ensure that appropriate action is promptly taken to end the harassment, address its effects on the person subjected to the harassment and on others in the campus community, and prevent any further instances of the harassment.

SJCOE prohibits retaliatory behavior against any complainant or any participant in the complaint process. All allegations of retaliation resulting from a sexual harassment complaint will be processed pursuant 5145.7 – Sexual Harassment. Information related to a complaint of sexual harassment shall be confidential to the extent possible, and individuals involved in the investigation of such a complaint shall not discuss related information outside the investigation process.

Sexual Harassment

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, request for sexual favors, and other verbal, visual, or physical conduct of a sexual nature against another person of the same or opposite gender, in the educational setting when made on the basis of sex and under any of the following conditions:

1. Submission to the conduct is explicitly or implicitly made a term or condition of an individual's academic status or progress;
2. Submission to or rejection of the conduct by an individual is used as the basis for academic decisions affecting the individual;
3. The conduct has the purpose or effect of unreasonably interfering with the other individual's academic performance; creating an intimidating, hostile, or offensive educational environment; or of adversely affecting the other individual's evaluation, advancement, assigned duties, or any other condition of education or career development;
4. Submission to or rejection of the conduct by the individual is used as the basis for any decision affecting the individual regarding services, honors, programs, or activities available at or through the San Joaquin County Office of Education (SJCOE).

Types of conduct which are prohibited throughout SJCOE and SJCOE-sponsored programs, whether committed by a supervisor, a teacher, another student, any other employee, or non-employee and which may constitute sexual harassment include, but are not limited to, the following actions:

1. Unwelcome leering, sexual flirtations or propositions;
2. Unwelcome sexual slurs, leering, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions;
3. Graphic verbal comments about an individual's body or overly personal conversation;
4. Sexual jokes, notes, stories, drawings, pictures, obscene gestures, derogatory posters, cartoons, or computer-generated images of sexual nature;
5. Spreading sexual rumors;
6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class;
7. Massaging, grabbing, fondling, stroking, or brushing the body;
8. Touching an individual’s body or clothes in a sexual way;
9. Purposefully cornering or blocking normal movements or any physical interference with a school activity when directed at an individual on the basis of sex;
10. Limiting a student’s access to educational tools;
11. Displaying sexually suggestive objects;
12. Sexual assault, sexual battery, or sexual coercion;
13. Sexual comments, innuendoes, or slurs, oral or in writing, regarding a person’s sexual orientation;
14. Verbal comments or taunting students for either exhibiting what is perceived as a stereotypical characteristic for the student’s sex, or for failing to conform to stereotypical notions of masculinity or femininity;
15. Any act of retaliation against an individual who reports a violation of the SJCOE sexual harassment policy or who participates in the investigation of a sexual harassment complaint.

All SJCOE personnel have the responsibility of maintaining an educational environment free of sexual harassment. This responsibility includes discussing the SJCOE sexual harassment policy when asked and assuring students that they are not required to endure sexually insulting, degrading, or exploitative treatment, or any other form of sexual harassment.

SJCOE will make its best effort to investigate and resolve all complaints within five working days of receiving notice of harassing behavior, regardless of whether a formal complaint has been filed. SJCOE shall be considered to have “notice” of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student’s parent/guardian, an employee who received a complaint from a student, or any employee or student who witnessed the behavior.

**Notifications**

A copy of the SJCOE sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year;
2. Be displayed in a prominent location near each school office;
3. Be provided as part of any orientation program conducted for new students at the beginning of each quarter, semester, or summer session;
4. Appear in any school or SJCOE publication that sets forth the comprehensive rules, regulations, procedures, and standards of conduct for SJCOE.

Complaints of sexual harassment and retaliation resulting from a sexual harassment complaint shall be handled in accordance with the following procedure:

**Notice and Receipt of Complaint**

Any student who believes he/she has been subjected to sexual harassment or who has witnessed such harassment may file a complaint with any employee. Within 24 hours of receiving a complaint, the employee shall report it to the Director of Human Resources. In addition, any employee who observes an incident of sexual harassment involving a student shall, within 24 hours, report this observation to the Director of Human Resources, whether or not the victim files a complaint.

In any case of sexual harassment involving the Director of Human Resources, to whom the complaint would ordinarily be made, the employee who receives the student’s report or who observes the incident shall, instead, report to the Superintendent.

If the Director of Human Resources receives an anonymous complaint or media report about alleged sexual harassment, he/she shall determine whether it is reasonable to pursue an investigation considering the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment.

San Joaquin County Office of Education
Investigation of Complaint

1. The Director of Human Resources shall promptly initiate an impartial investigation of all complaints of sexual harassment within five school days after receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. In so doing, he/she shall talk individually with:
   
   a. The student or parent/guardian who is complaining;
   b. The person accused of harassment;
   c. Anyone who saw the harassment take place;
   d. Anyone mentioned as having related information.

2. When a student or parent/guardian has complained or provided information about sexual harassment, the Director of Human Resources shall describe the SJCOE complaint procedure and discuss what actions are being sought by the student in response to the complaint.

3. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests confidentiality, he/she shall be informed that such a request may limit the ability of SJCOE to investigate.

4. The Director of Human Resources or designee shall discuss the complaint only with the people described above. When necessary to carry out his/her investigation or for other good reasons that apply to the particular situation, the Director of Human Resources or designee also may discuss the complaint with the following persons:
   
   a. The Superintendent or designee;
   b. The parent/guardian of the student who complained;
   c. The parent/guardian of the person accused of harassing someone;
   d. A teacher or staff member whose knowledge of the students involved may help in determining who is telling the truth;
   e. Law enforcement and/or child protective services;
   f. Legal counsel for SJCOE.

5. The Director of Human Resources or designee shall determine whether interim measures are necessary during and pending the results of the investigation, such as placing students in separate classes or transferring a student to a class taught by a different teacher.

6. In cases of student-on-student harassment, when the student who complained, the person accused of harassment, and their parents so agree, the Director of Human Resources or designee may arrange for them to resolve the complaint informally with the help of a counselor, teacher, administrator, or trained mediator. The student who complained shall never be asked to work out the problem directly with the accused person unless such help is provided, and he/she shall be advised of the right to end the informal process at any time.
7. In reaching a decision about the complaint, the Director of Human Resources may take into account:
   a. Statements made by the persons identified above;
   b. The details and consistency of each person’s account;
   c. Evidence of how the complaining student reacted to the incident;
   d. Evidence of past instances of harassment by the accused person;
   e. Evidence of past harassment complaints that were found to be untrue.

To judge the severity of the harassment, the Director of Human Resources may take into consideration:
   a. How the misconduct affected one or more students’ education;
   b. The type, frequency, and duration of the misconduct;
   c. The number of persons involved in the harassing conduct and at whom the harassment was directed;
   d. The age and sex of the person accused of harassment, the student who complained, and the relationship between them;
   e. The subject(s) of harassment;
   f. The place and situation where the incident occurred;
   g. Other incidents at the school, including incidents of other types of harassment.

**Written Report on Findings and Follow-Up**

1. No more than 30 days after receiving the complaint under 5145.7-Sexual Harassment, the Director of Human Resources shall write a report of his/her findings, decision, steps taken during the investigation, and reasons for the decision and shall present this report to the student who complained and the person accused. The report should include the findings of fact based on the evidence gathered, the conclusion of law, disposition of the complaint, the rational for such a disposition, and corrective actions, if any are warranted. The timeline for reporting the results may be extended for good cause. If an extension is needed, the Director of Human Resources or designee shall notify the student who complained and explain the reason for the extension.

2. The Director of Human Resources shall give the Superintendent or designee a written report of the complaint and investigation. If he/she verifies that sexual harassment occurred, this report shall describe the actions he/she took to end the harassment, address the effects of the harassment on the person harassed and the campus community, and prevent retaliation or further harassment.

3. The Director of Human Resources shall ensure that the harassed student and his/her parent/guardian are informed of the procedures for reporting any subsequent problems. The Director of Human Resources shall make follow-up inquiries to see if there have been any new incidents or retaliation and shall keep a record of this information.

4. If an investigation of an allegation of sexual harassment against a student or employee reveals evidence of harassment by an employee or a student, SJCOE will pursue an investigation of that issue as well.
Enforcement
The Superintendent or designee shall take appropriate actions to reinforce the SJCOE sexual harassment policy. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti;
2. Providing staff in-service and student instruction or counseling about how to recognize harassment and how to respond;
3. Disseminating and/or summarizing SJCOE policies and procedures regarding sexual harassment;
4. Consistent with the laws regarding the confidentiality of student and personnel records, communicating the response to parents/guardians and the community;
5. Notifying Child Protective Services;
6. Taking appropriate disciplinary action. In addition, the Director of Human Resources may take disciplinary measures against any person who is found to have made a complaint of sexual harassment that he/she knew was not true.

Superintendent’s Designee
The Superintendent designates the Director of Human Resources for these procedures.

Student Fees and Charges

The Superintendent recognizes its responsibility to ensure that books, materials, equipment, supplies, and other resources necessary for students’ participation in the educational program are made available to them. No student shall be required to pay any fees, deposits, or other charges for his/her participation in an educational activity which constitutes an integral fundamental part of the San Joaquin County Office of Education (SJCOE) programs, including curricular and extracurricular activities.

As necessary, the Superintendent may approve fees, deposits, and other charges which are specifically authorized by law. For such authorized fees, deposits, and charges, the SJCOE shall consider students' and parents/guardians' ability to pay when establishing fee schedules and granting waivers or exceptions.

Whenever a student or parent/guardian believes that an impermissible fee, deposit, or other charge is being required of the student for his/her participation in an educational activity, the student or his/her parent/guardian may file a complaint with the program administrator using the SJCOE’s procedures in SP/AR 1312.3 - Uniform Complaint Procedures.

The program administrator or designee shall include information in the annual notification required by 5 CCR 4622 to be provided to all SJCOE programs’ students, parents/guardians, employees, and other interested parties about the requirements relating to the prohibition against SJCOE requiring students to pay fees, deposits or other charges in order to participate in an educational activity, unless authorized by law, and the filing of complaints for alleged violations using the uniform complaint procedures.

San Joaquin County Office of Education Policy

STUDENTS

Bullying

The San Joaquin County Office of Education (SJCOE) Operated Programs recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. County Office employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, SJCOE policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

Bullying Prevention

To the extent possible, SJCOE and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of SJCOE and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

SJCOE may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

SJCOE staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.
Intervention
Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. As appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. Action may also involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigation
Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with SJCOE uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures.

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

Discipline
Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with SJCOE policies and regulations.

San Joaquin County Office of Education Policy

SP 3513.3 (a)

BUSINESS AND NON-INSTRUCTIONAL OPERATIONS

Tobacco-Free Schools
The Superintendent recognizes that the health hazards associated with smoking and the use of tobacco products, including the breathing of second-hand smoke, are inconsistent with its goal to provide a healthy environment for students and staff.

The Superintendent prohibits the use of tobacco products at any time in any San Joaquin County Office of Education (SJCOE) owned or leased buildings, on SJCOE property, and in SJCOE vehicles.

This prohibition applies to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off SJCOE property. Any written joint use agreement governing community use of SJCOE facilities or grounds shall include notice of SJCOE tobacco-free schools policy and consequences for violations of SJCOE policy.

Prohibited products include any product containing tobacco or nicotine, including, but not limited to, cigarettes, cigars, miniature cigars, smokeless tobacco, snuff, chew, clove cigarettes, betel, and nicotine delivery devices such as electronic cigarettes, electronic hookahs, and other vapor emitting devices, with or without nicotine content, that mimic the use of tobacco products any time. Exceptions may be made for the use or possession of prescription nicotine products, or other FDA-approved cessation aids such as nicotine patches or nicotine gum.

Smoking or use of any tobacco-related products and disposal of any tobacco-related waste are prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground.

INSTRUCTION

Tobacco
The Superintendent recognizes that tobacco use presents serious health risks and desires to provide support and assistance in reducing the number of students who begin or continue to use tobacco. The Superintendent or designee shall establish a comprehensive program that includes consistent enforcement of laws prohibiting tobacco possession and use by students, tobacco-use prevention education including youth development activities, and intervention and cessation activities and/or referrals.

Prevention Instruction
SJCOE shall provide developmentally appropriate tobacco-use prevention instruction for students at selected grade levels from K-12. Such instruction shall be aligned with state content standards and the state curriculum framework for health education and with any requirements of state and/or federal grant programs in which SJCOE participates.

Intervention/Cessation Services
SJCOE may provide or refer students to counseling, intensive education, and other intervention services to assist in the cessation of tobacco use. When appropriate, such intervention services may be provided as an alternative to suspension for tobacco possession.

Program Planning
The SJCOE tobacco-use prevention and intervention program shall be based on an assessment of tobacco-use problems in SJCOE schools and the community, an examination of existing services and activities in the community, and a determination of high-risk student populations that are most in need of SJCOE services.

The Superintendent or designee shall coordinate with the local health department in program planning and implementation. He/she may establish an advisory council including students, parents/guardians, SJCOE staff, representatives of the local health department and community organizations, law enforcement professionals, and/or others with demonstrated expertise in tobacco prevention and cessation.

The Superintendent or designee also shall coordinate tobacco-use prevention and intervention program with other SJCOE efforts to reduce students' use of illegal substances and to promote student wellness.

The Superintendent or designee shall select anti-tobacco programs based on the model program designs identified by the California Department of Education (CDE) and may modify the model to meet SJCOE needs.

The Superintendent or designee shall not accept for distribution any materials or advertisements that promote the use or sale of tobacco products. He/she also shall not accept tobacco-use prevention or intervention funds or materials from the tobacco industry or from any entity, which has received funding from the tobacco industry.
**Program Evaluation**

To evaluate the effectiveness of the program and ensure accountability by SJCOE, the Superintendent or designee shall biennially administer the California Healthy Kids Survey or other appropriate student survey at selected grade levels in order to assess student attitudes toward tobacco and student use of tobacco. He/she also shall annually report to the CDE if required, the data specified in Health and Safety Code 104450.

CALIFORNIA HIGH SCHOOL PROFICIENCY EXAMINATION

The California High School Proficiency Examination (CHSPE) is a testing program established by California law (Education Code Section 48412). If eligible to take the test, you can earn the legal equivalent of a high school diploma by passing the CHSPE. The CHSPE consists of two sections: an English-language Arts section and a Mathematics section. If you pass both sections of the CHSPE, the California State Board of Education will award you a Certificate of Proficiency, which by state law is equivalent to a high school diploma (although not equivalent to completing all coursework required for regular graduation from high school). Although federal agencies are not bound by state laws, the U.S. Office of Personnel Management has ruled that the Certificate of Proficiency shall be accepted in applications for federal civilian employment. The U.S. Department of Education and Federal Student Aid recognize the CHSPE as the equivalent of a high school diploma in applications for federal financial aid. All persons and institutions subject to California law that require a high school diploma for any purpose must accept the certificate as satisfying the requirement.

Passing the CHSPE does not, by itself, exempt minors from attending school. Minors who have a Certificate of Proficiency must also have verified parent/guardian permission to stop attending school. Many students who pass the CHSPE continue to attend school. State law provides that, if you leave school after passing the CHSPE and are no more than 18 years old, you may re-enroll in the district in which you were registered with no adverse consequences. If you do re-enroll you may be required to meet new or additional requirements established since you were previously enrolled. If you re-enroll and then leave school again, you may be denied re-admittance until the beginning of the following semester. Contact your guidance counselor or school administrator for further information and details about leaving school after passing the CHSPE.

Dropping out of school after registering for the CHSPE or while awaiting results is unlawful for those under 18 years old. It may also result in failing grades for courses in which you are enrolled.

For more information please visit http://www.chspe.net or contact your school counselor for assistance.

Student Acceptable Use Policy and Computer Use Agreement

The San Joaquin County Office of Education and the San Joaquin County Office of Education Data Processing Joint Powers Authority, hereinafter referred to as the “district”, authorizes students to use technology owned or otherwise provided by the district as necessary for instructional purposes. The use of district technology is a privilege permitted at the district's discretion and is subject to the conditions and restrictions set forth in applicable policies, administrative regulations, and this Acceptable Use Policy and Computer Use Agreement. The district reserves the right to suspend access at any time, without notice, for any reason.

The district expects all students to use technology responsibly in order to avoid potential problems and liability. The district may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

Each student who is authorized to use district technology and his/her parent/guardian shall sign this Acceptable Use Policy and Computer Use Agreement as an indication that they have read and understand the agreement.

Definitions
District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (Wi-Fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Student Obligations and Responsibilities
Students are expected to use district technology safely, responsibly, and for educational purposes only. The student in whose name district technology is issued is responsible for its proper use at all times. Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.

Students are prohibited from using district technology for improper purposes, including, but not limited to, use of district technology to:

1. Access, post, display, or otherwise use material that is discriminatory, libelous, defamatory, obscene, sexually explicit, or disruptive.
2. Bully, harass, intimidate, or threaten other students, staff, or other individuals ("cyberbullying").
3. Disclose, use, or disseminate personal identification information (such as name, address, telephone number, Social Security number, or other personal information) of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person.
4. Infringe on copyright, license, trademark, patent, or other intellectual property rights.
5. Intentionally disrupt or harm district technology or other district operations (such as destroying
district equipment, placing a virus on district computers, adding or removing a computer program
without permission from a teacher or other district personnel, changing settings on shared
computers).

6. Install unauthorized software.

7. "Hack" into the system to manipulate data of the district or other users.

8. Engage in or promote any practice that is unethical or violates any law or policy, administrative
regulation, or district practice.

Privacy
Since the use of district technology is intended for educational purposes, students shall not have any
expectation of privacy in any use of district technology.

The district reserves the right to monitor and record all use of district technology, including, but not
limited to, access to the Internet or social media, communications sent or received from district
technology, or other uses. Such monitoring/recording may occur at any time without prior notice for any
legal purposes including, but not limited to, record retention and distribution and/or investigation of
improper, illegal, or prohibited activity. Students should be aware that, in most instances, their use of
district technology (such as web searches and emails) cannot be erased or deleted.

All passwords created for or used on any district technology are the sole property of the district. The
creation or use of a password by a student on district technology does not create a reasonable expectation of
privacy.

Personally Owned Devices
If a student uses a personally owned device to access district technology, he/she shall abide by all
applicable policies, administrative regulations, and this Acceptable Use Policy and Computer Use
Agreement. Any such use of a personally owned device may subject the contents of the device and any
communications sent or received on the device to disclosure pursuant to a lawful subpoena or public
records request.

Reporting
If a student becomes aware of any security problem (such as any compromise of the confidentiality of any
login or account information) or misuse of district technology, he/she shall immediately report such
information to the teacher or other district personnel.

Consequences for Violation
Violations of the law, policy, or this agreement may result in revocation of a student's access to district
technology and/or discipline, up to and including suspension or expulsion. In addition, violations of the
law, policy, or this agreement may be reported to law enforcement agencies as appropriate.
Student Acceptable Use Policy and Computer Use Agreement

Student Acknowledgment

I have received, read, understand, and agree to abide by this Acceptable Use Policy and Computer Use Agreement and other applicable laws and district policies and regulations governing the use of district technology. I understand that there is no expectation of privacy when using district technology. I further understand that any violation may result in loss of user privileges, disciplinary action, and/or appropriate legal action.

If the student is under 18 years of age, a parent/guardian must also read and sign the agreement.

As the parent/guardian of the above-named student, I have read, understand, and agree that my child shall comply with the terms of the Acceptable Use Agreement. By signing this Agreement, I give permission for my child to use district technology and/or to access the school's computer network and the Internet. I understand that, despite the district's best efforts, it is impossible for the school to restrict access to all offensive and controversial materials. I agree to release from liability, indemnify, and hold harmless the school, district, and district personnel against all claims, damages, and costs that may result from my child's use of district technology or the failure of any technology protection measures used by the district.
