

# San Joaquin Building Futures Academy

## School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Janine Kaeslin, Assistant Superintendent, SJCOE

Principal, San Joaquin Building Futures Academy

### About Our School

Welcome to San Joaquin Building Futures Academy Charter School! SJBFA is a charter school that serves young people 16-24 year olds who have fallen behind academically or who have been high school drop-outs. San Joaquin Building Futures Academy is an accredited public charter school that offers a high school diploma and training in the construction trades field. SJBFA offers small class sizes, multiple support services, and opportunities to become certified in construction technology through a Department of Labor funded YouthBuild program.

### School Description and Mission Statement (School Year 2019—20)

San Joaquin Building Futures Academy (SJBFA) is a charter school for 16-24 year olds who have experienced difficulty in completing their high school diploma and learning job skills. SJBFA offers small class sizes, multiple support services, a flexible contracted learning schedule, and opportunities to become certified in construction technology and employed in the local community.

Currently SJBFA is in partnership with YouthBuild San Joaquin, a federally funded construction and employment-training program. Students enrolled in YouthBuild have the opportunity to earn money, learn construction skills, and attend high school at the same time. Training in the YouthBuild Program while attending SJBFA allows students to gain valuable hands-on experience, on-the-job training and build 21st-century life and career skills while earning a high school diploma. SJBFA also partners with the Greater Valley Conservation Corps (GVCC), a work readiness program which teaches participants work and life skills through green job training. As with YouthBuild, students can participate in the program while attending high school at the same time.

SJBFA begins every school year with 120 students and works to build a sustainable community with 100-130 students at any given time throughout the year. There are many obstacles that our student population must overcome to be successful in school. SJBFA works to eliminate all barriers. In 2016, Little Builders opened as a collaborative effort with HeadStart San Joaquin, which provides daycare for the children on site.

SJBFA staff always works to improve best practice. Staff are ready to provide the many services that are available for SJBFA students. SJBFA is a contracted learning site, to assist with student work schedules, family responsibilities, and educational needs. Students are provided a class schedule with additional opportunities for tutoring, project based learning, working outside of school, and additional time to complete construction projects without compromising structured core educational time. SJBFA continues to evaluate the needs of students. Stakeholder engagement is always appreciated. Parent, student, staff, and stakeholder feedback is captured in many forms including surveys, quarterly conferences, meetings, LCAP stakeholder meetings, parent cafes, and meetings with school administration. Students are at the heart of every decision.

#### Mission

We will transform all students' lives through academic achievement and acquisition of 21st Century skills. We commit to using a comprehensive support system to ensure this happens.

#### Vision

Our school is a caring, compassionate, safe learning environment where students and staff are inspired, mentored and realize their full potential as life-long learners. Our students recognize that they have the knowledge and skills to set and attain goals, identify triggers that hinder progress, problem solve, and accept responsibility for their actions. Our students empower themselves to become better human beings and positive contributors to their community.

### Student Enrollment by Grade Level (School Year 2018—19)

Grade Level	Number of Students
Grade 9	7
Grade 10	21
Grade 11	39
Grade 12	55
<b>Total Enrollment</b>	<b>122</b>

Last updated: 1/2/2020

### Student Enrollment by Student Group (School Year 2018—19)

Student Group	Percent of Total Enrollment
Black or African American	23.80 %
American Indian or Alaska Native	%
Asian	2.50 %
Filipino	%
Hispanic or Latino	63.10 %
Native Hawaiian or Pacific Islander	%
White	3.30 %
Two or More Races	7.40 %
Student Group (Other)	Percent of Total Enrollment
Socioeconomically Disadvantaged	92.60 %
English Learners	9.80 %
Students with Disabilities	10.70 %
Foster Youth	1.60 %
Homeless	5.70 %

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

#### Teacher Credentials

Teachers	School 2017—18	School 2018—19	School 2019—20	District 2019—20
With Full Credential	6	6	1	182
Without Full Credential	0	0	1	69
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	0	0	1

Last updated: 1/30/2020

#### Teacher Misassignments and Vacant Teacher Positions

Indicator	2017—18	2018—19	2019—20
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.  
 \* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Last updated: 1/30/2020

## Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2019—20)

**School Facility Conditions and Planned Improvements**

Our cleaning services are contracted out. The Director of Student Services works on a continuing basis with the contractor to ensure a regular cleaning schedule. Each facility is cleaned 3 to 4 times per week.

LEA maintenance staff ensure that repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

SJBFA take great effort to ensure that all school buildings are clean, safe and functional. To assist in this effort, SJBFA use a facility survey instrument developed by the State of California Office of Public School Construction: The FIT REPORT. Note that our FIT report covers this site owned and maintained by San Joaquin County Operated Schools and Programs (COSP). The buildings are located in different parts of the property.

*Last updated: 1/27/2020*

**School Facility Good Repair Status**

Year and month of the most recent FIT report: August 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	Good	
<b>Interior:</b> Interior Surfaces	Good	
<b>Cleanliness:</b> Overall Cleanliness, Pest/Vermin Infestation	Good	
<b>Electrical:</b> Electrical	Good	Classroom lighting was replaced between 6/3 and 7/31/19, \$18,000

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students  
Grades Three through Eight and Grade Eleven  
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	0.0%	0.0%	35.0%	38.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	0.0%	0.0%	24.0%	25.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

*Last updated: 1/2/2020*

**CAASPP Test Results in ELA by Student Group**  
**Grades Three through Eight and Grade Eleven (School Year 2018—19)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	Percent Met or Exceeded
All Students	27	6	22.22%	77.78%	0.00%
Male	16	5	31.25%	68.75%	0.00%
Female	11	1	9.09%	90.91%	0.00%
Black or African American	--	--	--	--	
American Indian or Alaska Native					
Asian	--	--	--	--	
Filipino					
Hispanic or Latino	13	5	38.46%	61.54%	0.00%
Native Hawaiian or Pacific Islander					
White	--	--	--	--	
Two or More Races	--	--	--	--	
Socioeconomically Disadvantaged	24	5	20.83%	79.17%	0.00%
English Learners	--	--	--	--	
Students with Disabilities	--	--	--	--	
Students Receiving Migrant Education Services					
Foster Youth	--	--	--	--	
Homeless	--	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

*Last updated: 1/2/2020*

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2018—19)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	Percent Met or Exceeded

## **Career Technical Education (CTE) Programs (School Year 2018—19)**

The San Joaquin County Office of Education Building Futures Academy school desires to provide a comprehensive career technical education (CTE) program in both secondary and post-secondary programs that integrate core academic instruction with technical and occupational instruction in order to increase student achievement, graduation rates, and readiness for postsecondary education and employment. The CTE program shall be designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge- and skills-based economy. The program shall include a rigorous academic component and provide students with a strong experience and understanding of all aspects of an industry.

The San Joaquin County Office of Education's CTE program shall focus on preparing students to enter current or emerging high-skill, high-wage, and/or high-demand occupations. CTE opportunities may be offered through linked learning programs, partnership academies, apprenticeship programs or orientation to apprenticeships, regional occupational centers or programs, tech prep programs, charter schools, small learning communities, or other programs that expose students to career options while preparing them for future careers in a given industry or interest area.

State model curriculum standards for CTE for grades 7-12 integrate the state's academic content standards with industry-specific knowledge and skills in 58 career pathways organized into 15 industry sectors: agriculture and natural resources; arts, media, and entertainment; building trades and construction; education, child development, and family services; energy and utilities; engineering and design; fashion and interior design; finance and business; health science and medical technology; hospitality, tourism, and recreation; information technology; manufacturing and product development; marketing, sales, and service; public services; and transportation. The state's curriculum framework for CTE provides guidance in implementing the state content standards and provides guidance for implementing assessment standards.

All program courses have been developed in cooperation with local business and industry representatives to prepare you with a portfolio of highly marketable skills. You may enroll in an individual course, pursue a Career Certificate Program, and earn Certificates of Achievement for completing the academic and attendance requirements as outlined for particular areas of study.

### **WHO WE ARE**

CTE offers training to students that will prepare them for work. CTE courses provide opportunities to further education, upgrade present job skills, and/or learn new skills.

- There are 74 ROCP/CTE centers in California.
- Education, business, and industry leader's work together to develop job training programs to match employer needs.
- Employer advisory committees assure that there is a strong labor market for skills taught.
- Courses provide meaningful career training and pathway opportunities through relevant training.

- CTE teachers and counselors hold appropriate career preparation credentials from the State and work with Workforce Investment Board and San Joaquin County WorkNet Partnerships.
- Students may earn credits to fulfill high school graduation requirements while acquiring job skills to take their place in the "World of Work".
- Community college credits are also available through most CTE courses.

#### WHAT WE DO

We provide training for high school students, adults, and out-of-school youth for employment. In addition to formal classroom instruction, CTE works in partnership with local businesses to provide students with internships and on-the-job-training. CTE teachers, counselors and job developers assist students in job placement.

CTE is the most cost effective job training program in the State. At the end of student training, CTE graduates entering the labor force have a significant economic impact on the community. Millions of dollars are returned to the government through taxes that more than offset the training cost.

CTE classes are designed to reflect the real work environment. As in business, training requires students to follow policies and procedures and accept personal responsibility while in class.

#### CURRICULUM

The San Joaquin County Office of Education Career Technical Education Program uses a curriculum that will enable the CTE teacher to provide the kind of learning experiences and opportunities for the student to achieve his/her educational objectives. Career Preparation Standard Integrated Lessons, assignments, and projects are centered on business related themes which bring real world application to the learning experience.

Students have opportunities to individualize their instruction. Expectations are modified based on the abilities of each student. Teachers and students may conference with one another to determine what content areas they will emphasize in the work they do based upon their needs. However, final determination of specific content areas rest with the teacher and is based on evidence of student progress.

#### INTERNSHIPS

On-the-job training is one of the teaching methods used in many CTE programs. CTE maintains written agreements with local businesses to provide supervised, non-paid internship training (Community Classroom) at actual work sites. Some programs offer paid internships (Cooperative Technical Education) arranged between individual students, industry work sites and CTE instructors. To be eligible for either type of internship, students must have successfully completed the required course work and skill development, have their instructor's recommendation, attend related classroom instruction at least once a week during the internship, and be able to provide their own transportation to and from the training site.

#### STUDENT SERVICES

General Counseling: A CTE counselor is available to discuss your educational, career, and personal plan to help you make meaningful career choices. The counselor can also help you determine what other resources are available in the county. If you want assistance in deciding which CTE course is appropriate for you, the CTE counselor can help you make an appropriate choice. The counselor is available at walk-in registration, orientations, and during the school year.

Placement Assistance: Job finding skills incorporate employment, employability, and employment application skill training into each CTE Training program.

#### CAREER TECHNICAL EDUCATION – INDUSTRY SECTORS

- Agriculture & Natural Resources
- Arts, Media & Entertainment
- Building & Construction Trades
- Business & Finance
- Hospitality, Tourism, & Recreation
- Information & Communication Technologies
- Manufacturing & Product Development
- Marketing, Sales & Services
- Education, Child Development, & Family Services
- Public Services
- Energy, Environment, & Utilities
- Fashion & Interior Design
- Health Science & Medical Technology
- Transportation

Professional Development- Fresno County Office of Education provided professional development to align CTE core standards for each industry sector.

#### CTE Advisory Committee and Industry Representatives

San Joaquin Building Trades Union  
Carpenters Union  
Laborers Union  
Workforce Development Board

Partnerships with  
Habitat For Humanity  
Prudential

#### Participation in career technical student organizations

Placement of program completers in employment, postsecondary education, or the military

Participants placed in:

Carpenters Union  
Laborers Union  
Painters Union  
Ironworkers Union  
Electricians Union  
San Joaquin Delta College  
Columbia College  
US Marines  
US Navy  
US National Guard

Results of career technical skills assessments  
 MC3 Certification  
 CPR/First Aid  
 Flagger/Traffic Control  
 Confined Spaces

*Last updated: 1/27/2020*

### Career Technical Education (CTE) Participation (School Year 2018—19)

Measure	CTE Program Participation
Number of Pupils Participating in CTE	23
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	0.00%
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	0.00%

*Last updated: 1/27/2020*

### Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2018—19 Pupils Enrolled in Courses Required for UC/CSU Admission	2.00%
2017—18 Graduates Who Completed All Courses Required for UC/CSU Admission	0.00%

# State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2019—20)

Opportunities for parental involvement

The San Joaquin County Office of Education Alternative Programs recognizes that parents, guardians, and families are some of the most important members of the team that helps a student succeed. Student success increases when the school and parents/caregivers work in partnership. Parent involvement and family engagement are targeted and emphasized in goals found in the aligned LCAP, WASC, and SPSA plans.

During the 2018-19 school year, a family engagement team was established. The team is responsible to provide support and learning opportunities for families through workshops, seminars, and school events. The program used the Family Engagement Toolkit provided by the California Department of Education as guidance, as well as established a committee to work through the toolkit. The main objectives of the committee include identifying ways to build trusting relationships with the families we serve and to ensure all family engagement efforts are tied to student learning.

During the 2019-20 school year, the family engagement specialists continued to promote family involvement in a variety of ways. Workshops were added to school site council and district English learner advisory committee meetings. In addition, a calendar of workshops are offered at different sites throughout San Joaquin County. Site specific workshops are also available based on the needs of individual sites. Parents can attend any workshop.

In addition to workshops, families are also invited to focus groups that have been scheduled at different sites on different dates and times throughout the school year. Parents in attendance are encouraged to provide feedback related to the program, as well as to make improvement suggestions.

Parents and families are invited to events throughout the year such as Back-to-School nights, Open House nights, student showcases, student Graduation by Exploration presentations, and parent/teacher conferences. Parents are also encouraged to participate as members in the school site council and district English learner advisory committee, attend LCAP meetings, and volunteer at quests or in the classroom. During student enrollment, parents and families are active participants and receive a 'Parent Involvement' magnet that lists important school event dates. Translation services are provided when needed and/or requested. Parents are also invited to take a parent survey to gather feedback and input related to programs and services offered by SJCOE. The survey questions focus on communication, school safety, parent involvement, and access to community resources. The responses from the parents are reviewed and influence topics of workshops as well as discussion points during focus groups.

During weekly enrollments parents and caregivers are given a pamphlet that explains the family engagement program and what is offered. Parents are also given dates of upcoming focus groups, workshops and parenting classes. Parents are also given information related to Peachjar and Facebook; two additional ways the team is reaching out to families to keep them up to date on ways to be involved with the school. By the fall 2020, parents will also be invited to participate on the Family Engagement Committee.

Parents and caregivers who would like to know more about parental involvement opportunities available throughout the program should reach out to Lindsey Clark (209)292-2660 or Jennifer DeAngelo (209) 292-2658.

### State Priority: Pupil Engagement

*Last updated: 1/16/2020*

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

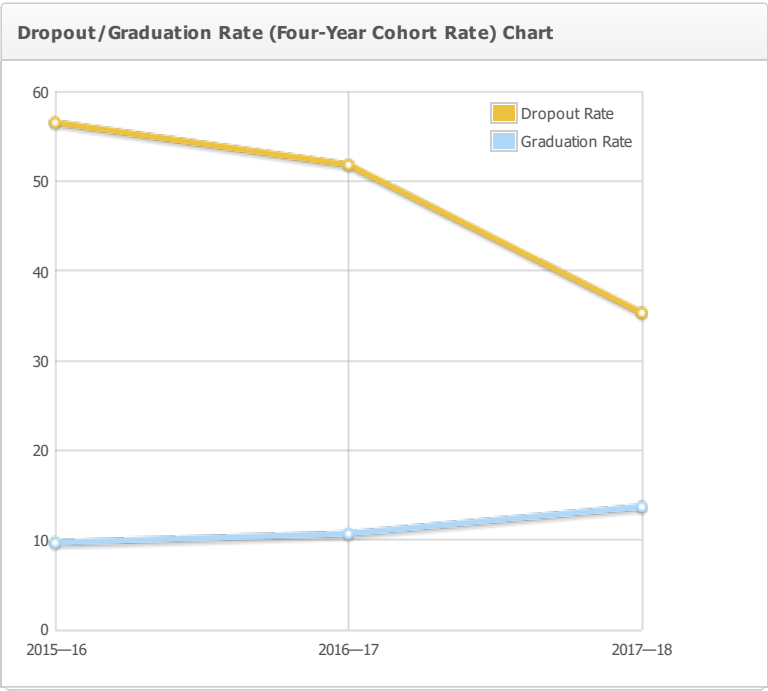

- High school dropout rates; and
- High school graduation rates

#### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2015—16	District 2015—16	State 2015—16

Dropout Rate	56.50%	50.90%	9.70%
Graduation Rate	9.70%	--	83.80%

Indicator	School 2016-17	School 2017-18	District 2016-17	District 2017-18	State 2016-17	State 2017-18
Dropout Rate	51.80%	35.30%	33.90%	32.00%	9.10%	9.60%
Graduation Rate	10.70%	13.70%	--	--	82.70%	83.00%

For the formula to calculate the 2016-17 and 2017-18 adjusted cohort graduation rate, see the 2018-19 Data Element Definitions document located on the SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.

## School Safety Plan (School Year 2019—20)

### School Safety Plan

All COSP school sites have a comprehensive school safety plan in accordance with the Safe Schools policy, which includes a specific emergency operations plan. In compliance with SB 187, the plan is reviewed and revised annually for each school site. Site safety plans are aligned with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing Incident Command System (ICS). Each document is prepared for the use of employees at a specific school site in the event of an emergency, disaster, or crisis situation.

At the beginning of each school year, COSP school site staff update their Site Specific Emergency Plan. This was addressed on 8/5/19 and 9/12/19. Input was sought from parents, staff, law enforcement, fire representative, and first responders. The Site Specific Emergency Plan includes the site safety plan, San Joaquin County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (EMSA) emergency first aid guidelines of California Schools. Schools are annually restocked with first aid supplies and teachers are issued a "grab and go" emergency backpack in the event of an evacuation. The school nurse collaborates with parents/guardians of students with special needs in order to provide medical emergency kits in accordance with their Individualized School Health Plan, ISHP. A copy of the Emergency Plan binder is housed at the school site and the COSP Director's office and is available for parent/guardian review. The Site Specific Emergency Plan is a template that all Court, Community, BFA, and one.Charter schools use. The template is amended by each site to include site specific information.

COSP also collaborates with community agencies and county employed clinicians that focus on violence prevention and who provide direct services to students/families; i.e. Child Abuse Prevention Council and 654 Probation.

Emergency preparedness training is offered annually to all staff by the Emergency Preparedness Coordinator at SJCOE. Staff training opportunities are provided on 1/16/2020. Active Shooter Training is offered to all staff annually by Keenan Safe Schools Modules. Staff received training opportunities on 9/11/19. Annual professional development is offered in managing assaultive behavior on 9/9/19, 10/7/19, 11/7/19, and 12/2/19; mental health first aid training on 10/24/19; drug impairment recognition on 10/14-15/2019; and classroom management skill building throughout the year.

Also at the beginning of the school year, the school counselors distribute a crisis file that provides on-line resources for teaching and support staff. County Operated Schools and Programs staff resources include:

- Directions to follow in case of an emergency, crisis or injury, lockdown, or active shooter(s) or dangerous person(s) on or near campus
- COSP Emergency Hotline phone number
- A bomb threat checklist
- Listing of emergency phone numbers
- Tips for de-escalating a conflict
- Suicide intervention information, suicide hotline and San Joaquin County Mental Health contact information
- Resource numbers (Runaway hotline, shelter and "safe house" contact numbers, Public Health immunization and HIV/AIDS information)
- Child abuse prevention information
- CPS reporting form
- State laws pertaining to unlawful conduct and sexual intercourse with a minor
- Smoking cessation resource list
- Community Resources

In order to promote safety and mitigate negative interactions, students participate in bullying prevention, life skills, and positive relationship building activities though out the school year through PBIS interventions and BASE resources. During the 2019-2020 school year, the one.Program school staff, students, and parents receive suicide prevention resources in accordance with AB2246.

## **D. Other SARC Information**

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

**Average Class Size and Class Size Distribution (Secondary) (School Year 2016—17)**

<b>Subject</b>	<b>Average Class Size</b>	<b>Number of Classes *</b> <b>1-22</b>	<b>Number of Classes *</b> <b>23-32</b>	<b>Number of Classes *</b> <b>33+</b>
English	25.00		8	
Mathematics	30.00		4	
Science	30.00		4	
Social Science	37.00			5

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

**Average Class Size and Class Size Distribution (Secondary) (School Year 2017—18)**

<b>Subject</b>	<b>Average Class Size</b>	<b>Number of Classes *</b> <b>1-22</b>	<b>Number of Classes *</b> <b>23-32</b>	<b>Number of Classes *</b> <b>33+</b>
English	18.00	8		
Mathematics	18.00	8		
Science	19.00	8		
Social Science	12.00	12		

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

**Average Class Size and Class Size Distribution (Secondary) (School Year 2018—19)**

<b>Subject</b>	<b>Average Class Size</b>	<b>Number of Classes *</b> <b>1-22</b>	<b>Number of Classes *</b> <b>23-32</b>	<b>Number of Classes *</b> <b>33+</b>
English	14.00	9		
Mathematics	10.00	12		
Science	10.00	12		
Social Science	14.00	9		

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.
