School Description and Mission Statement (School Year 2020–2021)

About Our School:

one.Charter is comprised of several schools designed to meet the various needs of at-promise students throughout San Joaquin County. Our schools primarily serve students who have become disengaged in traditional school settings for a variety of reasons and come to us for a chance to continue their education and make positive changes to their lives as well as to their communities.

Our schools include one.Charter Bianchi, one.Charter Main, Career Readiness Academy, Charter Elementary, Building Futures Academy and Come Back Kids. one.Bianchi and one.Main are school sites for grades 7-12. Both sites have a Visual and Performing Arts focus and use enrichment instructors for the Arts to enhance the core academic programs. Career Readiness Academy is group of schools designed to serve 12th grade students who are severely deficient credits and are not on track to graduate with their class. The main focus of these schools is to provide students with a high school diploma while focusing on career preparation. Students are required to do job shadowing or an internship/apprenticeship while earning credits for a high school diploma. Building Futures Academy is an 18-24 year old program with a construction focus along with earning a high school diploma. They are partnered with Americorp and Youthbuild and provide hands-on construction skill development through Habit for Humanity. Come Back Kids is a recent addition to the one.Charter family. The purpose of this school is to provide students 18 years or older who did not graduate in their four years of high school with an opportunity to come back to school and earn their high school diploma. There are several school sites throughout San Joaquin County to meet this need in the community. The program operates on a true Independent Study model to serve the adults who are working or facing life challenges that make it difficult to attend school on a daily basis. Finally, Charter Elementary, located in downtown Stockton, is a small K-6 site that serves students who are homeless. The focus of this school is to support the educational and emotional needs of the students as they transition between living situations and a more permanent school setting.

Our staff is comprised of amazing people who understand the dynamics of the students they serve. They wear multiple hats (teacher/counselor/tutor/mentor) as they work with at-promise students. All staff members understand the need to build positive relationships, so they implement PBIS and Restorative Practices techniques to create a nurturing learning environment. They also understand the need for a solid academic foundation, so they are well versed in the California State Standards, use curriculum aligned to those standards and participate in on-going training to enhance their classroom engagement strategies.

At one.Charter, we believe all students can learn, become successful, and benefit their community regardless of their current situation. We have designed our schools around this belief!!

School Facility Conditions and Planned Improvements

FACILITY CONDITIONS: one.Charter Schools take great effort to ensure that all school buildings are clean, safe and functional. To assist in this effort, one.Charter Schools use a facility instrument developed by the state of California Office of Public School Construction: The FIT Report. Our FIT Reports cover the 3 sites owned and maintained by San Joaquin County Office of Education for one.Charter. The buildings are located in different parts of San Joaquin County. Our 3 sites are rated "good" overall.

CLEANING PROCESS AND SCHEDULE: Our cleaning services are contracted out. The Director of Student Services works on a continuing basis with the contractor to ensure quality and a regular cleaning schedule. Each facility is cleaned 3 to 4 times per week.

MAINTENANCE AND REPAIR: LEA maintenance staff ensure that repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

DEFERRED MAINTENANCE BUDGET: The LEA sets aside approximately .5% of the general budget for deferred maintenance.

Last updated: 1/29/2021

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: August 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Good	Georgetown flooring replaement was completed in October 2020. Federal Building perimeter fence is to be completed March 2021. Georgetown fencing and access control was completed January 2021.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	Good	
Electrical: Electrical	Good	
Restrooms/Fountains: Restrooms, Sinks/Fountains	Good	Georgetown bathrooms to be updated next year.
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	Bianchi site has a roof deficiency in classroom 4 and lunch room. Both other sites are in good condition.
External: Playground/School Grounds, Windows/Doors/Gates/Fences	Good	Bianchi site needs new crank handles on the windows.
Overall Facility Rate		
Year and month of the most recent FIT report: August 2019		
Overall Rating		Good

2019–2020 School Accountability Report Card

B. Pupil Outcomes

[Translation Disclaimer](#)

 Select Language ▼

Powered by Google Translate

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School	School	District	District	State	State
	2018– 2019	2019– 2020	2018– 2019	2019– 2020	2018– 2019	2019– 2020
English Language Arts / Literacy (grades 3-8 and 11)	6.0%	N/A	38.0%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	0.0%	N/A	25.0%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced

Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2019--2020)

The San Joaquin County Office of Education Community schools' desires to provide a comprehensive career technical education (CTE) program in both secondary and post-secondary programs that integrate core academic instruction with technical and occupational instruction in order to increase student achievement, graduation rates, and readiness for postsecondary education and employment. The CTE program shall be designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge- and skills-based economy. The program shall include a rigorous academic component and provide students with a strong experience and understanding of all aspects of an industry.

The San Joaquin County Office of Education's CTE program shall focus on preparing students to enter current or emerging high-skill, high-wage, and/or high-demand occupations. CTE opportunities may be offered through apprenticeship programs or orientation to apprenticeships, regional occupational centers or programs, tech prep programs, charter schools, small learning communities, or other programs that expose students to career options while preparing them for future careers in a given industry or interest area.

State model curriculum standards for CTE for grades 7-12 integrate the state's academic content standards with industry-specific knowledge and skills in 58 career pathways organized into 15 industry sectors: agriculture and natural resources; arts, media, and entertainment; building trades and construction; education, child development, and family services; energy and utilities; engineering and design; fashion and interior design; finance and business; health science and medical technology; hospitality, tourism, and recreation; information technology; manufacturing and product development; marketing, sales, and service; public services; and transportation. The state's curriculum framework for CTE provides guidance in implementing the state content standards and provides guidance for implementing assessment standards.

All program courses have been developed in cooperation with local business and industry representatives to prepare you with a portfolio of highly marketable skills. You may enroll in an individual course, pursue a Career Certificate Program, and earn Certificates of Achievement for completing the academic and attendance requirements as outlined for particular areas of study.

WHO WE ARE

CTE offers training to students that will prepare them for work. CTE courses provide opportunities to further education, upgrade present job skills, and/or learn new skills.

- There are 74 ROCP/CTE centers in California.
- Education, business, and industry leader's work together to develop job training programs to match employer needs.
- Employer advisory committees assure that there is a strong labor market for skills taught.
- Courses provide meaningful career training and pathway opportunities through relevant training.
- CTE teachers and counselors hold appropriate career preparation credentials from the State and work with Workforce Investment Board and San Joaquin County WorkNet Partnerships.
- Students may earn credits to fulfill high school graduation requirements while acquiring job skills to take their place in the "World of Work".
- Community college credits are also available through most CTE courses.

WHAT WE DO

We provide training for high school students, adults, and out-of-school youth for employment. In addition to formal classroom instruction, CTE works in partnership with local businesses to provide students with internships and on-the-job-training. CTE teachers, counselors and job developers assist students in job placement.

CTE is the most cost effective job training program in the State. At the end of student training, CTE graduates entering the labor force have a significant economic impact on the community. Millions of dollars are returned to the government through taxes that more than offset the training cost.

CTE classes are designed to reflect the real work environment. As in business, training requires students to follow policies and procedures and accept personal responsibility while in class.

CURRICULUM

The San Joaquin County Office of Education Career Technical Education Program uses a curriculum that will enable the CTE teacher to provide the kind of learning experiences and opportunities for the student to achieve his/her educational objectives. Career Preparation standard integrated lessons, assignments, and projects are centered on business related themes which bring real world application to the learning experience.

Students have opportunities to individualize their instruction. Expectations are modified based on the abilities of each student.

Teachers and students may conference with one another to determine what content areas they will emphasize in the work they do

based upon their needs. However, final determination of specific content areas rest with the teacher and is based on evidence of student progress.

INTERNSHIPS

On-the-job training is one of the teaching methods used in many CTE programs. CTE maintains written agreements with local businesses to provide supervised, non-paid internship training (Community Classroom) at actual work sites. Some programs offer paid internships (Cooperative Technical Education) arranged between individual students, industry work sites and CTE instructors. To be eligible for either type of internship, students must have successfully completed the required course work and skill development, have their instructor’s recommendation, attend related classroom instruction at least once a week during the internship, and be able to provide their own transportation to and from the training site.

STUDENT SERVICES

General Counseling: A CTE counselor is available to discuss students educational, career, and personal plan to help them make meaningful career choices. The counselor can also help students determine what other resources are available in the county. If students need assistance in deciding which CTE course is appropriate for them, the CTE counselor can help them make an appropriate choice. The counselor is available at walk-in registration, orientations, and during the school year.

Placement Assistance: Job finding skills incorporate employment, employability, and employment application skill training into each CTE Training program.

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Opportunities for parental involvement

The San Joaquin County Office of Education Alternative Programs recognizes that parents, guardians, and families are some of the most important members of the team that helps a student succeed. Student success increases when the school and parents/caregivers work in partnership. Parent involvement and family engagement are targeted and emphasized in goals found in the aligned LCAP, WASC, and SPSA plans.

During the 2020-21 school year, the Family Engagement team took almost all components to a virtual platform. In response to the COVID-19 pandemic and the subsequent school closures the team found ways to reach out to parents in new ways. A family engagement webpage was added to the SJCOE website to allow parents' easier access to upcoming events and resources within the organization and in the community. All parenting classes and workshops were offered virtually. Using Google Meets or Zoom, the Family Engagement team offered monthly workshops to parents and caregivers including the following topics: resilience, distance learning, self-care, virtual safeguards, and truancy. In addition, five short tutorial videos were created, that were also offered as workshops, that cover a variety of actions that will help parents better communicate with the school as well as stay informed with how their student is performing. The videos included a breakdown of Google Classroom, Google Meet, Gmail setup, Communication with the School, and the Illuminate Parent Portal. The videos will be available indefinitely so families can access them when needed.

Parents and families are invited to virtual events throughout the year such as Back-to-School nights, Open House nights, student showcases, student Graduation by Exploration presentations, and parent/teacher conferences. Parents are also encouraged to participate as members in the school site council, district English learner advisory committee, and attend LCAP meetings. Translation services are provided when needed and/or requested. Parents are also invited to take a parent survey to gather feedback and input related to programs and services offered by SJCOE. The survey questions focus on communication, school safety, parent involvement, and access to community resources. The responses from the parents are reviewed and influence topics of workshops as well as discussion points during focus groups.

Due to enrollments going predominately virtual, a new form was added to the enrollment packet that allows parents to share their interest in the parenting workshops and programs available. During weekly enrollments, parents and caregivers are given a pamphlet that explains the family engagement program and what is offered. Parents are also given dates of workshops and parenting classes. Parents are also given information related to Peachjar and Facebook; two additional ways the team is reaching out to families to keep them up to date on ways to be involved with the school.

Parents and caregivers who would like to know more about parent involvement opportunities available should reach out to Lindsey Clark (209) 292-2660 or Jennifer DeAngelo (209) 292-2658 or by email at familysupport@sjcoe.net.

State Priority: Pupil Engagement

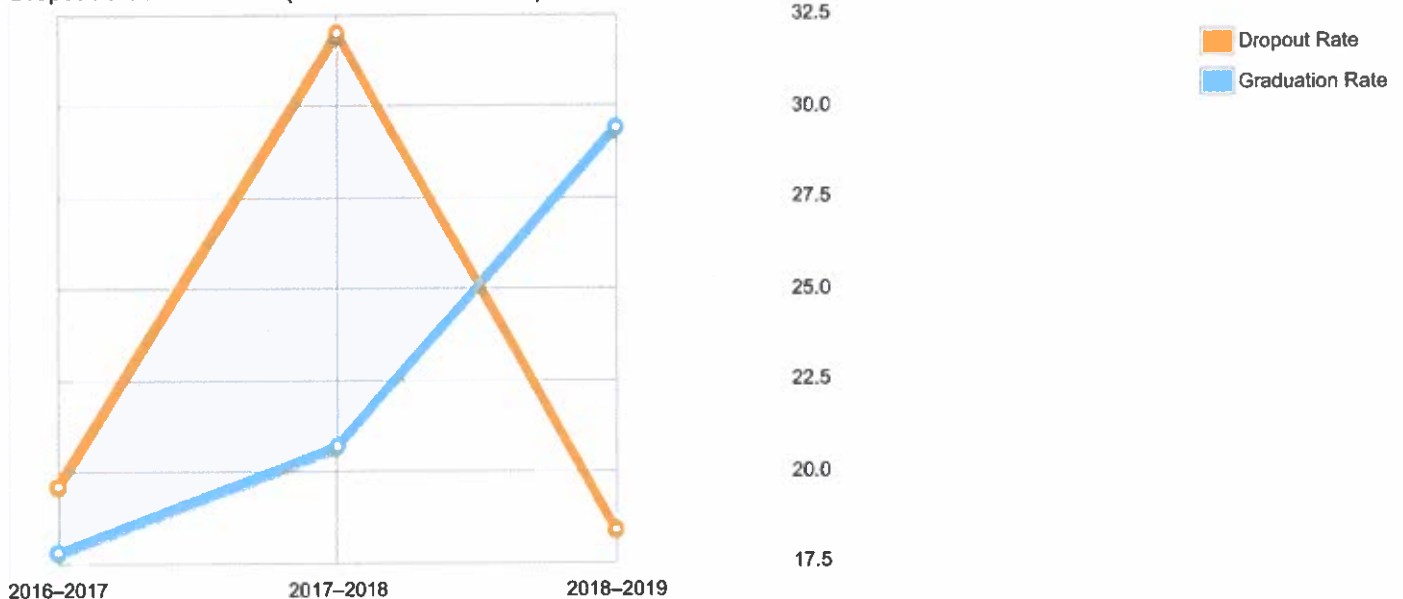

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2016–2017	School 2017–2018	School 2018–2019	District 2016–2017	District 2017–2018	District 2018–2019	State 2016–2017	State 2017–2018	State 2018–2019
Dropout Rate	19.60%	32.00%	18.40%	33.90%	32.00%	27.90%	9.10%	9.60%	9.00%
Graduation Rate	17.80%	20.70%	29.40%	35.20%	41.10%	46.50%	82.70%	83.00%	84.50%

Dropout/Graduation Rate (Four-Year Cohort Rate) Chart

Last updated: 1/12/2021

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and

- Other local measures on the sense of safety

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017–2018	School 2018–2019	District 2017–2018	District 2018–2019	State 2017–2018	State 2018–2019
Suspensions	5.30%	2.30%	9.40%	6.90%	3.50%	3.50%
Expulsions	0.00%	0.00%	0.10%	0.10%	0.10%	0.10%

Suspensions and Expulsions for School Year 2019–2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019–2020	District 2019–2020	State 2019–2020
Suspensions	1.80%	5.40%	2.50%
Expulsions	0.00%	0.00%	0.10%

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior years.

School Safety Plan (School Year 2020–2021)

COSP SCHOOL SAFETY PLANS

All COSP school sites have a comprehensive school safety plan in accordance with the Safe Schools policy, which includes a specific emergency operations plan. In compliance with SB 187, COSP sites review and revises it annually. Site safety plans are in alliance with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing Incident Command System (ICS). Each document is prepared for employees to use at specific school sites for emergency, disaster, or crisis.

At the beginning of each school year, COSP school site staff update their Site Specific Emergency Plan. Parents, staff, law enforcement, fire representative, and first responders provided input on the document on 8/4/2020, 9/2/2020, and 10/1/2020. The Site Specific Emergency Plan includes the site safety plan with language on tactical response, San Joaquin County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (EMSA) emergency first aid guidelines of California Schools. This 2020 year, staff also received multiple trainings on COVID safety, supplies, contact tracing, and resources at each site. Additionally, schools have first aid supplies stocked annually. Teachers continue to hold on to a "grab and go" emergency backpack for evacuation purposes. The school nurse collaborates with parents/guardians of students with special needs in order to provide medical emergency kits in accordance with their Individualized School Health Plan, ISHP. A copy of the Emergency Plan binder is centrally located at each school site, COSP Director's office, and available for parent/guardian

review. The Site Specific Emergency Plan is a template that all Court, Community, BFA, and one. Charter schools use. Each site amends this template annually to include site-specific information.

COSP also collaborates with community agencies and county employed clinicians that focus on violence prevention and direct students/families services; i.e. Child Abuse Prevention Council and 654 Probation.

The Emergency Preparedness Coordinator at SJCOE offers emergency preparedness training annually to all staff. All staff participate in annual Active Shooter Keenan Safe Schools Modules. Staff received virtual professional development opportunities on mental health, first aid, and suicide prevention.

Throughout the 2020-2021 months, staff and students have received virtual support resources ranging from mental health and crisis support, family engagement support, and digital safety basics. Nurses and clinicians provide active virtual hours for all students. Family Engagement specialists have used the digital platform to engage with families. County Operated Schools and Programs provided the following staff resources this year:

- Directions to follow in case of an emergency, crisis or injury, lockdown, or active shooter(s) or dangerous person(s) on or near campus
- COSP Emergency Hotline phone number
- A bomb threat checklist
- Listing of emergency phone numbers
- Tips for de-escalating a conflict
- Suicide intervention information, suicide hotline and San Joaquin County Mental Health contact information
- Resource numbers (Runaway hotline, shelter and "safe house" contact numbers, Public Health immunization and HIV/AIDS information)
- Child abuse prevention information

- CPS reporting form
- State laws pertaining to unlawful conduct and sexual intercourse with a minor
- Smoking cessation resource list
- Community Resources
- Keenan COVID trainings

In order to promote safety and mitigate negative interactions, students participate in bullying prevention, life skills, and positive relationship building activities though out the school year through PBIS interventions and BASE resources. During the 2021 school year, the one. Program school staff, students, and parents receive suicide prevention resources in accordance with AB2246.
