Introduction:

LEA: Escalon USD Contact (Name, Title, Email, Phone Number): Joel Johannsen, Asst. Superintendent, jjohannsen@sjcoe.net, 209-838-8910 LCAP Year: 2016-17

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
The LCAP planning process began in January of 2016. A comprehensive needs analysis was conducted by the district LCAP planning team which is comprised of the Superintendent, Asst. Superintendent, CBO, Director of Maintenance,	Stakeholders' input on the LCAP impacted the design of the LCAP in the following priority clusters.
Operations and Transportation, Director of Student Services and all site administrators. An extensive range of metrics related to student	Conditions of Learning (priorities 1, 2, and 7)
performance, climate, and facility and curricular needs (e.g. CHKS, CELDT, FIT) were part of this review. On February 3 and 10 "Town Hall" meetings were held and all stakeholders (parents, students, staff, community members and	 Increase student access to technology More Technology training for teachers Professional development for paraprofessionals

EUTA and CSEA bargaining units) were invited to participate. These meetings were held at two separate district schools to review progress and provide input on the 2015-16 LCAP, and to provide input for the 2016-17 LCAP based on the compiled data. A "Carousal Walk" was conducted with all participants and they provided input and feedback on the annual update and presented data as it related to the three goals and each goals respective priority areas. The input provided at these meetings was organized into main areas of focus and the LCAP planning team reviewed and prioritized this feedback for inclusion into the 2016-17 LCAP. A special board workshop was held on March 3t at a public meeting and the identified priority areas were reviewed and an opportunity for the governing board to provide feedback was provided. After all stakeholder feedback and input was considered, specific actions and the associated expenditures were then developed and included in the district's 2016-17 LCAP.	 4. CTE course are important 5. More focus on ELD Pupil Outcomes (priorities 4 and 8) 1. Targeted interventions for underperforming students 2. Focus on study skills 3. Improve progress monitoring Engagement (priorities 5, 6, and 8) 1. More social emotional support systems for students 2. Improve school safety routines/preparations 3. Improve health services support 4. Improve parent communication mechanisms
Annual Update:	Annual Update:
The LCAP annual update process began in August of 2015 at EUSD's annual Leadership retreat. The 2015-16 LCAP was thoroughly reviewed and formed the backbone of our district's goals for the 2015-16 school year. Throughout the fall these goals and progress on these goals were regularly reviewed at District Leadership meetings. Site administration reviewed the 2015-16 LCAP and district goals with various parent groups (SSC, ELAC, PTC) throughout the	 Stakeholder feedback on the 2015-19 LCAP update was incorporated into the 2016-17 LCAP as follows - 1. Staff and student increases in the use of technology feedback was positive, but stakeholder input indicated that it is important for this trend to continue.

year as well as providing these groups regular progress updates. At the January 12 Governing Board meeting a formal 2015-16 LCAP update was presented to the board with opportunity for commentary and feedback. Additional updates of the 2014-15 LCAP were provided at the Town Hall meetings and feedback on the 2014-15 LCAP was part of the meeting's Carousal Walk activities. The specific feedback on the 2014-15 LCAP provided at these meetings was reviewed by the LCAP planning team and incorporated into the 2015-16 LCAP as appropriate.	 Page 6 of 83 2. The recent K-5 and 6-12 Math adoptions provide students with CCSS aligned math, but concerns were raised regard students who are not prepared to meet the rigors of the CCSS in math. 3. Concerns were expressed about EL progress in particular and overall student literacy in general and feedback supported more targeted interventions for students not working at grade level. 4. The implementation of Aeries Parent Portal was another positive, but stakeholders also thought additional and more contemporary means of home- to-school communication should be investigated. 5. Parent ELD classes need to be expanded. 6. Keep focusing on career readiness and CTE programs.
--	---

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

	LCAP Year 3: 2018-19					
Expected Annual	Year 3 - 2018-19					
Measurable Outcomes:	Basic Services: Priority 1					
	 Verified by site SARCS, all 137 instructional staff will be appropriately assigned and credentialed. 					
	Verified by the annual instructional materials resolution all students will have access to standards aligned materials					
	 Verified by SARCs FIT data 6 of the district's 7 schools were identified as "Good", with the other being identified as "Fair". Additionally, all sites have had perimeter fencing installed for security purposes, Collegeville will have a new water system installed this summer, Dent and Farmington Elementary will be repainted and the high school will complete the final phase of its modernization project. 					
	Implementation of State Standards: Priority 2					
	 Using trends and patterns data from Instructional Rounds and internal matrices, baseline data indicates CCSS implementation is occurring throughout the schools and at all grade levels. Data further indicates that a range of instructional practices occurs within the District - from teacher driven instruction with student responses at the recall depth of knowledge level to 50/50 student/teacher talk and strategic depth of knowledge tasks and student 					
	 All staff will attend a minimum of 2 days (Instructional Aides) or 4 days (certificated staff) PD focusing on differentiation and CCSS (content and technology) to increase implementation of the CCSS and the district will maintain or increase this frequency. 					
	 All ELs have access to CCSS and ELD standards to gain content knowledge and English proficiency and the district plans on improving this level of access as evidenced by a 2% increase in the reclassification rate. 					
	Course Access: Priority 7					
	 All students have access to a broad course of study, including core courses, electives ,CTE, and AP classes as indicated through enrollment figures and student class schedules. A health occupations CTE pathway will be implemented in 2016-17. 					
	 Unduplicated students have access to a minimum 30 minutes per day of ELD (ELs), Tier II & III RTI, targeted interventions, Read 180, SRA Reading Mastery, ST Math and Math 180. 					
	 Exceptional needs students have access to Read 180, SRA Reading Mastery, Tier II & III RTI, ST Math and Math 80, pull in and push out services and access to group and individual counseling as indicated by their IEPs. 					
	7A, B,& C will be verified through class schedules, Student Data Team minutes, CALPADS, and student placement in these programs.

	Page 22 of 83 LCAP Year 1: 2016-17
Measurable	Pupil Achievement: Priority 4
Outcomes:	 Student in Grades 3-8 and grade 11 districtwide will show improvement in the CAASPP ELA and Math scores over the 2015-16 (2014-15 CAASPP data indicates that 36% met and exceeded standards in ELA and 26% met and exceeded standards in Math.
	The API has been suspended.
	 In 2014-15 districtwide CST scores in science were - Grade 5 - 41% proficient or advanced; grade 8 and 10 were 45% and 58% respectively. The district expects to maintain or increase these proficiency rates, but with the focus on transitioning to the NGSS, student performance on the CST Science scores may not truly reflect student mastery of science concepts.
	 In 2016-17 the district will maintain or increase the percentage of graduating students completing the UC/CSU requirements as compared to 2015-16 (30.8%). In 2013-14 (baseline year) 94.9% graduated from EUSD and the district expects to maintain this graduation rate in the school year 2016-2017.
	 In the 2013-14 school year (baseline year) the district met AMAO 1 with 60.8% of CELDT takers making annual progress. In the 2013-14 school year (baseline year) the district missed AMAO 2 (students attaining English proficiency) by 1.7% (20.1%) in the > 5 yr cohort and 2.7% (49.0%) in the 5yr. cohort missed its target rate of 24.2% with 16.0% of ELs being reclassified; the < 5 yr cohort exceeded its target (50.9%) with 51.1% of ELs being reclassified. The district plans on meeting or exceeding the percentage rates for AMAO's 1, 2 and 3 in the 2015-16 school year and in the school year 2016-17.
	• The district EL reclassification rate was 30.8% in 2013-14 (baseline year) and the EL reclassification rate in 2015-16 dropped slightly to 28.6%. The district expects to increase reclassification rates in the school year 2016-17.
	 In the 2013-14 school year (baseline year) 137 students took 225 AP exams and 50% of the exams taken were scored at level 3 or higher. In 2014-15 the district increased the number of students taking AP course and the number of exams taken with an accompanying drop in the percentage of students achieving a 3 or higher (however the actual number of students receiving a 3 or higher increased). In 2014-15 168 students took 283 AP exams and 43% scored a 3 or greater. The district plans on maintaining or increasing the number of students taking AP courses and the percentage of students achieving a score of 3 or greater in the school year 2016-17.
	 The 2014-15 CAASPP established the baseline year for EAP rates; ELA indicated that 35% were conditionally ready and 31% were college ready; in math the rates were 27% and 8% respectively and the district will increase EAP rates over the 2016-17 school year.
	 The 2013-14 school year established a baseline for CTE participation with 516 of all students participating in CTE courses and 335 of the participants were designated as CTE concentrators. In 2014-15 participation was 517 students of which 274 were identified as concentrators. The district will maintain or increase this level of participation in 2016-2017.
	Other Pupil Outcomes: Priority 8

- Both the middle school and the high school participate in academic contests (Academic Pentathlon @ EPMS and Academic Decathlon at EHS) and these schools will continue to compete in these events in 2016-17. In 2014-15 (baseline year) EHS had 25 CSF members of which 12 designated as lifetime members and the district plans on maintaining or increasing this level of participation in the school year 2016-17. VAPA offerings at EHS include Art 1, Advanced Art 2-4, wind and jazz ensembles, band, a four year humanities sequence. Based on enrollment and interest Orchestra was added this year at Escalon High. Additionally, El Portal middle school added beginning guitar in the 2015-16 school year. The district plans on maintaining this level of VAPA offerings in 2016-17.
- All elementary schools participate in the county science fair and counting spelling bee and the district plans on maintaining this level of participation in the school year 2016-17.
- EHS FFA participates in a wide range of regional, state and national competitions and the district plans on maintaining this level of participation in the school year 2016-17.

Goal Applies to	: Schools: All		
	Applicable Pupil Subgroups:	All	

	LCAP Year 1: 2016-17
Expected Annua Measurable	Parent Involvement: Priority 3
Outcomes:	 Parent engagement activities have approximated some 150 events across all sites in the 2015-16 school year. These events included School Site Council meetings, Science, Math Literacy nights, parent ELD classes, ELAC, DELAC, parent orientation meetings for incoming middle and high school students, band concerts, academic and sports awards ceremonies, PTC and booster club meetings and events, trivia and spelling bees, parent teacher conferences (K-12) and more. In the 2016-17 school year the district will continue working with each site to maintain or increase the number of parent outreach and involvement activities.
	 Even though ELACs are no longer mandated all sites hold parent meetings a minimum of twice yearly to engage parents of second language learners. In the 2016-17 school year the district will continue to support the sites with outreach activities for parents of second language learners.
	 Information and available resources for homeless youth is provided to all sites and is shared with parents/caregivers. The district also works closely with the SJCOE homeless staff to identify resources for homeless and foster youth. The district will maintain this level of service in the 2016-17 school year.
	 Students with exceptional needs are supported through the IEP process, and parents are provided current information on Community Advisory Committee (CAC). EHS has the "Friends Helping Friends" club which provides age appropriate peer support/interaction for students with exceptional needs and hold activities like the Annual Christmas Dance to provide to promote social interaction and recreational activities for these students with a emphasis on parent involvement. The district will continue to maintain this level of service in the 2016-17 school year and actively reach out to these parents to increase involvement in their student's education.
	 At the elementary level economically disadvantaged students have access to after school programs at two of the four elementary sites and in the 2015-16 school year had access to before and after school tutoring. At 6-12 economically disadvantaged students have access to a range of intervention programs including Read 180, Math intervention classes, ELA intervention classes, Social Skills counseling, and SSTs. Economically disadvantaged students have access to free and reduced meals and currently 55.6% of students K-5, 54.7% of students 6-8 and 44.3% of students 9-12 qualify for free and reduced meals. The district is diligent in identifying students who qualify for free and reduced meals. In 2016-17 the district will maintain this level of service for economically disadvantaged students. Parents are regularly involved in the SST process and actively participate in school Math nights, Literacy Fairs and Science Nights to better understand the curricular program provided to their students.
	• The district holds biannual "Student Data Review Teams" where district psychologists, case carriers, counselors, the district nurse, site administration and classroom teachers review the social, academic and health needs of every student K - 6. Parents are apprised of any challenges identified through this process and are provided support and guidance in identifying local resources to better support their student needs. The district will continue to maintain this level of service in the 2016-17 school year.
	Pupil Engagement: Priority 5
	 Student attendance is tracked and compared to previous years and reported to the governing board monthly. In the 2013-14 school year districtwide ADA was 96.66%; in 2014-15 ADA was 96.06. In the 2016-17 school year the district will continue this level of attendance monitoring.

- For the 2013-14 school year calculated chronic absences were 6.7% district-wide; in 2014-15 it rose to 8.7%; and in 2015-16 is 7.1%. In the 2016-17 school year the district will reduce the percent of chronically absent students.
- In 2013-14 EUSD had a 94.9% graduation rate with a 4.1% dropout rate w/no middle school drop outs and EHS had a 96.9% graduation rate with a 2.1% dropout rate in 2013-14; in 2014-15 EUSD had a 92.7% graduation rate with a 5.2% dropout rate w/no middle school drop outs and EHS had 94.6% graduation rate with a 3.4% dropout rate. For 2016-17 the district expects to maintain or decrease the dropout rate.

School Climate: Priority 6

- School climate metrics displayed a .1% expulsion rate and a 4.8% suspension rate in 2013-14 and in 2014-15 the rates were .2% and 4.3% respectively. District truancy rates in 2013-14 were 6.19% which were significantly lower than county and state averages. For the 2016-17 school year the district plans on maintaining or lowering suspension/expulsion and truancy rates.
- In 2014-15 parent survey results on school climate indicated that 89.2% (148) of respondents (n = 186) felt their child was safe and connected to their school. Student survey responses were similar with 91.7% indicating the feel safe in hallways,96.9% indicating they feel safe in classrooms and 91% indicating they feel safe on the playground or other outdoor areas (grades 4-11; n = 1035). The district will maintain or improve these percentages in the 2016-17 school year.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Original GOAL 1 from prior year LCAP:	dy Related State and/or Local Priorities: 1 <u>X</u> 2 <u>X</u> 3 _ 4 _ 5 _ 6 _ 7 <u>X</u> 8 _ COE only: 9 _ 10 _ Local : Specify	
Goal Applies to: Schools: All Applicable Pupil All Subgroups:		
 Expected Annual Measurable Outcomes: 1. 127 out of 128 teachers were appropriately assigned and credentialed teachers based on SARC data and the district expects to maintain this level. 2. Based on the annual instructional materials resolution all students had access to standards aligned materials and the district expects to maintain this level. 3. FIT data indicate that the status of the district's facilities are overall ranked good; the district has allocated additional funds for deferred maintenance and facilities personnel and will maintain or improve this ranking level. 4. Collected data from Instructional Rounds will establish a baseline of CCSS implementation for all students and continued data collection through Instructional Rounds will reflect an improvement over the baseline. 5. All staff will attend a minimum of 2 days (Instructional Aides) or six days (certificated staff) PD focusing on differentiation and CCSS (content and technology) to increase implementation of the CSCS and the district will maintain or increase this frequency. 6. All ELs have access to CCSS and ELD standards to gain content knowledge and English proficiency and the district plans on improving this level of access as evidenced by a 2% increase in the reclassification rate. 7. All students have access to a broad course of study, including core courses, electives ,CTE, and AP classes as indicated through enrollment figures and student class schedules. The district will increase access to the rural elementary school libraries by adding 	Annual otherw Measurable Outcomes: 1. Base approp 2. Base studem 3. Base school as "Fai installe system will be phase 4. The school establis site. T implem evaluat 5. All te profess Techno particip days of curricu Aides a Instruct 6. All E	tions, services, and programs were effective unless vise stated - sed on site SARCS, all 137 instructional staff were priately assigned and credentialed. sed on the annual instructional materials resolution all nts had access to standards aligned materials sed on SARCs FIT data indicated that 6 of the district's 7 I were identified as "Good", with the other being identified air". Additionally, all sites have had perimeter fencing ed for security purposes, Collegeville will have a new water in installed this summer, Dent and Farmington Elementary repainted and the high school will complete the final of its modernization project. district's four elementary sites, junior high school and high I all hosted 3 Instructional nuitiatives undertaken at each The data collected established a baseline for CCSS mentation and utilizing a systematic procedure for ating data all sites showed positive growth. teachers participated in a minimum of 6 days of asional development/collaboration focusing on the CCSS, nology and ELD. Additionally, all TK-5 teachers pated in 1 day of technology PD (by grade level) and 2 of PD focusing on the newly adopted Math Expressions ulum. Due to scheduling logistics involving Instructional and available trainers the planned two days of PD for the ctional Aides has been deferred until the next school year. ELs had access to CCSS aligned materials and instruction in content knowledge and English proficiency. Title III

additional staffing as indicated by increased library hours. 8. All students unduplicated students and students with exceptional needs have access to programs and services which have been developed and implemented and the district plans on maintaining and increasing this level of access through targeted interventions. Exceptional needs students have access to Read 180, RTI, pull in and push out services and access to group and individual counseling as indicated by their IEPs. Unduplicated students have access to a minimum 30 minutes per day of ELD, Read 180, SRA Reading Mastery, ST Math and Math 180. These are verified through class schedules, Student Data Team minutes, and student placement in these programs.

Accountability Reports for the reclassification rate for 2015-16 are not yet available, but Title III Accountability Reports indicate the district did experience an overall drop in reclassification rates between the 2013-14 school year and the 2014-15 school year from 30% to 27%.

7. All students had access to a broad course of study, including core courses, electives ,CTE, and AP classes as indicated through enrollment figures and student class schedules. The district will increased course access in music by adding .4 FTE additional music staff. The district increased access to the rural elementary school libraries by adding an additional 2 hrs pr day of librarian aide time.

8. All students, including unduplicated students and students with exceptional needs had access to programs and services which have been developed and implemented and the district has increased access through targeted interventions and program expansion. Exceptional needs students have access to Read 180, Math 180, RTI, pull in and push out services and access to group and individual counseling as indicated by their IEPs. Unduplicated students have access to a minimum 30 minutes per day of ELD, Read 180, Math 180, SRA Reading Mastery, ST Math and Math 180. These services are verified through IEPs, class schedules, Student Data Review Team minutes, and student placements in these programs. 9. All K-5 Teachers received 2 days of intensive training in Math Expressions. 1 day was in K-2 and 3-5 grade level settings where teachers were provided a structural overview of the adoption as well as key grade level learning objectives for articulation into the next grade. Day 2 was done n grade level teams and each grade level thoroughly reviewed the adoption's instructional progression and CCSS instructional practices. 10. All teachers were provided between 4-6 days of grade level or content area collaboration days as well as multiple out of district PDs which focused on CCSS, differentiation and ELD. 11. Using Instructional Rounds, all site were "walked" 3 times to collect data and monitor the implementation of CCSS and Differentiation strategies. Site identified instructional initiatives based on collected data and need were developed and will serve as the "anchor" point for determining improvement levels. 12. All teachers were surveyed last year and in 2015-16 K-5 teachers received Technology training and each grade level was given a need/want survey prior to their training days. The survey results were used to target specific skills and strategies identified by each grade level.

services, and expenditures will be made as a result of reviewing past progress and/or changes to	In reviewing the past progress of Goal #1 of the 2015-16 LCAP year, based on Title III accountability metrics a greater focus on PD for all instructional staff regarding the new ELA/ELD standards will be addressed in the upcoming year. Additionally providing PD for all Instructional Aides will be revisited as there were challenges in coordinating release time for the aides due to their different schedules and the instructional duties that they perform at their various sites during the school day. In the upcoming year the district will develop a training schedule outside of the instructional day to facilitate these trainings.

 Expected Annual Year 1 - 2015-16 Student in Grades 3-8 and grade 11 took the CAASPP in 2014-15 which will serve as the baseline to measure growth in 2015-16. Outcomes: Over the last five years of API the district's API has risen 40 points from 752 to 792 and 2013 districtwide proficiency rates were 52% ELA and 59% math. With the new CAASPP system 2014-15 results will establish the baseline for district API and student proficiency rates. In 2013-14 districtwide CAASPP CST scores in science were 52% - grade 5; 61% - grade 8; and 60% - grade 10. The district expects to maintain of increase these proficiency rates. In 2013-14 31.4 % of graduating students completed the UC/CSU requirements and the district will maintain or increase this percentage. In 2013-14 94.9% graduated from EUSD and the district expects to maintain this graduation rate. In the 2013-14 school year the district met AMAO 1 with 60.8% of CELDT takers making annual progress; the district will maintain or improve the AMAO 1 percentage rates. The district will maintain or increase for AMAO 2 (students attaining English proficiency) by 1.7% (20.1%) in the > 5 yr cohort and 2.7% (49.0%) in the < 5 yr cohort. The district plans on meeting the percentage rates for AMAO 2 in the 2015-16 school year. The district EL reclassification rate was 13.5% in 2013-14 and the district plans on maintaining or improving EL reclassification rates. In the 2013-14 school year 137 students took 225 AP exams and 50% of the exams taken were scored at level 3 or higher. The district plans on maintaining or increasing the number of students taking AP courses and the percentage of students achieving a 	Annual Measurable Outcomes:	y the state in 2015-16 and the lata has been waived for the APR for PP data has established the district's mance on this measure. cus shifting to the NGSS district CST ced a drop. Grade 5 had 41% d grade 8 and 10 were 45% and 58% idents had met CSU/UC requirements. raduation rate was 94.9% which is II above the 90% level used to eports indicated in 2014-15 the district MAO 1 with 59.9% making annual AO 2 indicated that > 5yr. cohort 4.2% with 16.0% of ELs being ort exceeded its target (50.9%) with

Page 57 of 83

score of 3 or greater.

9. 2013-14 EAP results indicated in ELA 25% of students ready for college and 24% conditional (out of 158 test takers). In math 4% were ready for college and 52% were conditional (out of 105 test takers). With the new CAASPP assessment 2014-15 will serve as a baseline year for EAP rates.

10. CAHSEE testing in March of 2014 reported 86% passing math and 81% passing ELA and the district expects to maintain or improve these rates.

11. In 2013-14 out of 861 students 425 were CTE participants with 335 designated as CTE concentrators and the district expects to maintain this level.

13. Both the middle school and the high school participate in academic contests (Academic Pentathlon @ EPMS and Academic Decathlon at EHS) and these schools will continue to compete.

14. In 2014-15 EHS had 25 CSF members of which 12 designated as lifetime members and the district plans on maintaining or increasing this level of participation

15. VAPA offerings at EHS include Art 1, Advanced Art 2-4, wind and jazz ensembles, band, a four year humanities sequence and will add choir in 2015-16. The district plans on maintaining this level of VAPA offerings.

16.All elementary schools participatein the county science fair and counting spelling bee and the district plans on maintaining this level of participation.

17. EHS FFA participates in a wide range of regional, state and national competitions and the district plans on maintaining this level of participation. in 2013-14. 9. Using the new CAASPP criteria in 2014-15 the EAP rate in ELA indicated that 35% were conditionally ready and 31% were college ready. In math the rates were 27% and 8% respectively. As the CAASPP is a new mechanism for determining college readiness, the 2014-15 will serve as a baseline year for future EAP comparisons.

10. CAHSEE has been suspended by the CDE so there are no rates available for comparison.

11. Based on CALPADS data in 2014-15 of the 876 students 517 students were CTE participants and 274 were designated as CTE concentrators.

12. In 2014-15 The high school and middle school participated in the Academic Decathlon and the Academic Pentathlon.

13. In 2015-16 EHS had 25 CSF members of which 12 designated as lifetime members.

14. VAPA offerings at EHS include Art 1, Advanced Art 2-4, wind ensembles, band, Orchestra a four year humanities sequence. Based on enrollment and interest Orchestra was added this year rather than choir. Additionally, El Portal middle school added beginning guitar in the 2015-16 school year.

15. All elementary schools participated in the Spelling Bee and Science Fair with 4 students medaling at the Science Fair (including an Overall 3rd grade Blue Ribbon recipient).

16. The EHS FFA continued to participate in a wide range of regional, state and national competitions.

17. The Ag Science pathway was implemented in 2015-16 and stakeholder/community survey responses indicated a preference for a Health Careers pathway instead of a Business/Technology pathway. Therefore a Health Careers pathway instructor was hired instead of an Information Technolgy teacher. Curricular materials required for Ag Science pathway were purchased. 18. In 2015-16 15 EHS students participated in Youth in Government Day and job shadowed various government employees.

19. SchoolCity was the selected vendor for the assessment system and the Inspect item bank was selected. The district will be developing and implementing interim benchmarks in 2016-17. 20. Reviewing the GAFE console over the past six months (the GAFE admin console only stores the previous six months of activity) reflected a growth of total data storage from 290k MB to 470k MB, number of Google Docs from 26,700 docs to 47,900 docs, Google Slides from 4800 to 8800 and Google Draw from 2,437 to 4,329. These are very solid indicators of the increase

 Expected Year 1 - 2015-16 Annual 1. Student in Grades 3-8 and grade 11 took the CAASPP in 2014-15 which will serve as the baseline to measure growth in 2015-16. Outcomes: 2. Over the last five years of API the district's API has risen 40 points from 752 to 792 and 2013 districtwide proficiency rates were 52% ELA and 59% math. With the new CAASPP system 2014-15 results will establish the baseline for district API and student proficiency rates. 3. In 2013-14 districtwide CAASPP CST scores in science were 54% - grade 5; 61% - grade 8; and 60% - grade 10. The district expects to maintain of increase these proficiency rates. 4. In 2013-14 31.4 % of graduating students completed the UC/CSU requirements and the district will maintain or increase this percentage. 5. In 2013-14 94.9% graduated from EUSD and the district expects to maintain this graduation rate. 6. In the 2013-14 school year the district met AMAO 1 with 60.8% of CELDT takers making annual progress; the district will maintain or improve the AMAO 1 percentage rate. The district missed AMAO 2 (students attaining English proficiency) by 1.7% (20.1%) in the > 5 yr cohort and 2.7% (49.0%) in the < 5 yr cohort. The district plans on meeting the percentage rates for AMAO 2 in the 2015-16 school year. 7. The district EL reclassification rate was 13.5% in 2013-14 and the district plans on maintaining or improving EL reclassification rates. 8. In the 2013-14 school year 137 students took 225 AP exams and 50% of the exams taken were scored at level 3 or higher. The district plans on maintaining or increasing the number of students taking AP courses and the percentage of students achieving a 	Annual Measurable Outcomes: Utcomes: AASPP data indicates the in ELA and in math the per- 2. With the instructional for sciences scores experience proficient or advanced and respectively. 4. In 2014-15 30.8% of all CSU/US requirements. 5. in 2014-15 the district g similar to last year and we determine API. 6. Title III Accountability r missed target of 60.5% AN progress. In 2014-15 AM/ missed its target rate of 24 reclassified; the < 5 yr coh 51.1% of ELs being reclass 7. The actual reclassificat actually 30.1% and in the 28.6%. 8. In 2014-15 168 student a 3 or greater. This repre- which is a 20% increase of	ercentage was 26%. by the state in 2015-16 and the data has been waived for the APR for PP data has established the district's rmance on this measure. Incus shifting to the NGSS district CST ced a drop. Grade 5 had 41% d grade 8 and 10 were 45% and 58% 12th graders had completed their raduation rate was 94.9% which is all above the 90% level used to eports indicated in 2014-15 the district MAO 1 with 59.9% making annual AO 2 indicated that > 5yr. cohort 4.2% with 16.0% of ELs being hort exceeded its target (50.9%) with

score of 3 or greater.

9. 2013-14 EAP results indicated in ELA 25% of students ready for college and 24% conditional (out of 158 test takers). In math 4% were ready for college and 52% were conditional (out of 105 test takers). With the new CAASPP assessment 2014-15 will serve as a baseline year for EAP rates.

10. CAHSEE testing in March of 2014 reported 86% passing math and 81% passing ELA and the district expects to maintain or improve these rates.

11. In 2013-14 out of 861 students 425 were CTE participants with 335 designated as CTE concentrators and the district expects to maintain this level.

13. Both the middle school and the high school participate in academic contests (Academic Pentathlon @ EPMS and Academic Decathlon at EHS) and these schools will continue to compete.

14. In 2014-15 EHS had 25 CSF members of which 12 designated as lifetime members and the district plans on maintaining or increasing this level of participation

15. VAPA offerings at EHS include Art 1, Advanced Art 2-4, wind and jazz ensembles, band, a four year humanities sequence and will add choir in 2015-16. The district plans on maintaining this level of VAPA offerings.

16.All elementary schools participate in the county science fair and counting spelling bee and the district plans on maintaining this level of participation.

17. EHS FFA participates in a wide range of regional, state and national competitions and the district plans on maintaining this level of participation. modest increase over the 112 exams with a score of 3 or greater in 2013-14.

9. Using the new CAASPP criteria in 2014-15 the EAP rate in ELA indicated that 35% were conditionally ready and 31% were college ready. In math the rates were 27% and 8% respectively. As the CAASPP is a new mechanism for determining college readiness, the 2014-15 will serve as a baseline year for future EAP comparisons.

10. CAHSEE has been suspended by the CDE so there are no rates available for comparison.

11. Based on CALPADS data in 2014-15 of the 876 students 517 students were CTE participants and 274 were designated as CTE concentrators.

12. In 2014-15 The high school and middle school participated in the Academic Decathlon and the Academic Pentathlon.

13. In 2015-16 EHS had 25 CSF members of which 12 designated as lifetime members.

14. VAPA offerings at EHS include Art 1, Advanced Art 2-4, wind ensembles, band, Orchestra a four year humanities sequence. Based on enrollment and interest Orchestra was added this year rather than choir. Additionally, El Portal middle school added beginning guitar in the 2015-16 school year.

15. All elementary schools participated in the Spelling Bee and Science Fair (with 4 students medaling at the Science Fair including an Overall 3rd grade Blue Ribbon recipient).

16. The EHS FFA continued to participate in a wide range of regional, state and national competitions.

17. The supplemental teacher position for Collegeville and Farmington was continued for the 2015-16 school year.

18. 1 FTE of ELA Bridging teacher was continued for the 2015-16 school year.

19. An EL reclassification committee overhauled and implemented a revised EL monitoring process in 2015-16. K-5 grade level teams collaborated on developing instructional units that addressed EL student needs.

20. Previous increase of paraprofessional time was maintained allowing increased tier 1 intervention services to continue.

21. After much debate it was determined that increasing the frequency and scope of progress monitoring with AimsWeb would provide the district and sites with norm referenced

achievement data to accurately assess academic growth of our unduplicated students and language acquisition rates for our EL students.

22. To increase academic support for ELs an additional

		2.75 hrs school. 23. All e tutoring develop unique 24. Mat school Farming 2515 position services	s were added to a elementary sites services for und bed their own tuto needs. h 180 was purch and ST Math was gton elementary. FTE of speech th	ed for the high school and an additional a bilingual aide position at the middle were provided funding to implement erperforming students. Each site oring program based on each site's ased and implemented at the middle s purchased and implemented at merapist was added to an existing eeds of students receiving speech provided for.

Annual eve Measurable Outcomes: nig me cor boo tea yea inc act 2. If par sec will par 3. I pro dis ide ma 4. S pro Co He sup act soo vit	Parent engagement activities have approximated some 140 ents across all sites in the 2014-15 school year. These events cluded School Site Council meetings, Science, Math Literacy ghts, parent ELD classes, ELAC, DELAC, parent orientation eetings for incoming middle and high school students, band ncerts, academic and sports awards ceremonies, PTC and oster club meetings and events, trivia and spelling bees, parent acher conferences (K-12) and more. In the 2015-16 school ar the district will continue working with each site to maintain or crease the number of parent outreach and involvement tivities. Even though ELACs are no longer mandated all sites hold rent meetings a minimum of twice yearly to engage parents of cond language learners. In the 2015-16 school year the district I continue to support the sites with their outreach activities for rents of second language learners. Information and available resources for homeless youth is ovided to all sites and is shared with parents/caregivers. The strict also works closely with the SJCOE homeless staff to entify resources for homeless and foster youth. The district will aintain this level of service in the 2015-16 school year. Students with exceptional needs are supported through the IEP pocess, and parents are provided current information on ommunity Advisory Committee (CAC). EHS has the "Friends elping Friends" club which provides age appropriate peer pport/interaction for students with exceptional needs and hold tivities like the Annual Christmas Dance to provide to promote cial interaction and recreational activities for these students th a emphasis on parent involvement. The district will continue maintain this level of service in the 2015-16 school year and	Annual Measurable Outcomes:	events across all sites in the included School Site Coun- nights, parent ELD classes meetings for incoming mide concerts, academic and sp booster club meetings and parent teacher conferences 2. EHS's "Friends Helping appropriate peer support/interaction al needs and held the Annual te social interaction and recreational

Page 73 of 83

actively reach out to these parents to increased involvement in their students education.

5. At the elementary level economically disadvantaged students have access to after school programs at three of the four elementary sites and in the 2015-16 school year will have access to before and after school tutoring. At 6-12 economically disadvantaged students have access to a range of intervention programs including Read 180, Math intervention classes, ELA intervention classes, Social skills counseling, and SSTs. Economically disadvantaged students have access to free and reduced meals and currently 57.6% of students K-5, 54.4% of students 6-8 and 42.4% of students 9-12 qualify for free and reduced meals. The district is diligent in identifying students who qualify for free and reduced meals. In 2015-16 the district will maintain this level of service for economically disadvantaged students. Parents are regularly involved in the SST process and actively participate in school Math nights, Literacy Fairs and Science Nights to better understand the curricular program provided to their students.

6. The district holds biannual "Student Data Review Teams" where district psychologists, case carriers, counselors, the district nurse, site administration and classroom teachers review the social, academic and health needs of every student K - 6. Parents are apprised of any challenges identified through this process and are provided support and guidance in identifying local resources to better support their student needs. The district will continue to maintain this level of service in the 2015-16 school year.

7. Student attendance is tracked and compared to previous years and reported to the governing board monthly. In the 2013-14 school year districtwide ADA was 96.66%. In the 2015-16 school year the district will continue this level of attendance monitoring.

8. For the 2013-14 school year calculated chronic absences were 2.8% district-wide. In the 2015-16 school year the district will reduce the percent of chronically absent students.

9. EUSD had a 94.9% graduation rate with a 4.1% dropout rate w/no middle school drop outs in 2013-14. EHS had a 96.9% graduation rate with a 2.1% dropout rate in the same year. For 2015-16 the district expects to maintain or decrease the dropout rate.

10. School climate metrics displayed a .1% expulsion rate and a 4.8% suspension rate in 2013-14 which is consistent with state averages and much lower than county averages. District truancy rate in 2013-14 were 6.19% which were significantly lower than county and state averages. For the 2015-16 school year the

and reduced meals. Parents were regularly involved in the SST process and actively participate in school Math nights, Literacy Fairs and Science Nights to better understand the curricular program provided to their students.

6. The district held "Student Data Review Teams" and district psychologists, case carriers, counselors, the district nurse, site administration and classroom teachers reviewed the social, academic and health needs of every student K - 6. Parents were apprised of any challenges identified through this process and were provided support and guidance in identifying local resources to better support their student needs.

7. Student attendance is tracked and compared to previous years and reported to the governing board monthly. In the 2013-14 school year districtwide ADA was 96.66% and in 2014-15 it dropped slightly to 96.05.

8. For the 2014-15 school year calculated chronic absences were 8.7% district-wide. In the 2015-16 school year the district had a calculated chronic absenteeism rate of 7.1. (note: the 2013-14 rate was incorrectly calculated and the actual rate was 6.7%).

9. EUSD had a 95.8% graduation rate with a 4.2% dropout rate w/no middle school drop outs in 2014-15. EHS had a 97.9% graduation rate with a 2.1% dropout rate in the same year.
10. DataQuest metrics displayed a .1% expulsion rate and a 4.8% suspension rate in 2013-14 and in 2014-15 that rate was

4.3% for suspension rate in 2013-14 and in 2014-15 that rate was 4.3% for suspensions and .2% for expulsions. These rates are still consistent with state averages and much lower than county averages. District truancy rate in 2014-15 rose slightly over the previous year to 7.45 (vs.6.19%) All of which were significantly lower than county and state averages. For the 2015-16 school year the district plans on maintaining or lowering suspension/expulsion and truancy rates.

11. The school climate survey was deferred until 2016-17 as parents were given a communications preference survey in 2015-16. Student responses on the Healthy Kids Survey given this year reflected consistent responses regarding school connectedness and safety with the climate survey given to them last year.

12. Parent ELD programs began over a month earlier this year and an additional class was offered.

13. The Aeries parent portal was implemented and, coupled with site outreach efforts the accuracy of parent contact information increased significantly.

14. The California Healthy Kids Survey was administered to

services, and expenditures will be made as a result of reviewing	In reviewing the past progress of Goal #4 of the 2015-16 LCAP year parent outreach efforts were quite positive and an increase in parent attendance at school events was evident, it was determined that more effective outreach efforts needs to be reviewed. In the 2016-17 LCAP year the district will be reviewing additional options like social media to further increase the effectiveness of the district's parent outreach efforts. Additionally, feedback from parents participating in district sponsored ELD courses were gratefull for increased offerings this LCAP year, but indicated providing more offerings in the
	upcoming LCA year would be appreciated. To this end, the district will review the feasibility of offerings additional parent ELD classes.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

 Total amount of Supplemental and Concentration grant funds calculated:
 \$1,644,877

 For the 206-17 school year Escalon USD will receive supplemental funds based on our district's unduplicated counts of low income, English Learner and foster youth. The current 2016-17 LCAP allocates funds at district-wide levels to provide increased services to our unduplicated students. As the district is below the 55% threshold of unduplicated students (53%), this narrative will also address how the use of these funds best meets the needs of the students in conjunction with the district's goals.

Goal #1 - Provide the necessary resources and staffing to make all students Career and College Ready; State Priorities 1, 2, & 7

1.4 Hire Highly Qualified staff to meet student and program needs -

In the 2016-17 school year EUSD will increase the number of district counselors by .5 FTE. Stakeholder feedback indicated that additional support for student social-emotional needs to overcome barriers to learning was necessary, which is supported by research that a student's sense of social-emotional safety at school is correlated to student learning (Steinberg, Matthew P., Elaine Allensworth, and David W. Johnson. Student and Teacher Safety in Chicago Public Schools: The Roles of Community Context and School Social Organization. Consortium on Chicago School Research. 1313 East 60th Street, Chicago, IL 60637, 2011). These services will be principally directed to unduplicated students as it is not uncommon for these students to come from backgrounds that are not as nurturing or supporting of education as students from more economically stable backgrounds. It is understood that economic stability is not always a positive indicator of student success and that students who are not counted in the unduplicated grouping may receive social-emotional supports, but as students from low socio-economic backgrounds cannot be identified it is impossible to separate a student's social-emotional needs from their socio-economic status. Regardless, the district feels that the most effective means to provide social-emotional support is through school based services provided by a fully credentialed counselor. Alternatives considered included contracting out for additional support services, but the use of non-district personnel doesn't create the level of staff/school/student connectedness as district personnel.

1.7 Provide CCSS appropriate curriculum, materials and supplies to unduplicated students -

In the 2016-17 LCAP year EUSD has allocated \$439,000 in base/other funds for curriculum, materials and supplies for all students and \$215,000 in supplemental funds for the same purpose. Given that the district's unduplicated count is 52% and that the level of supplemental funds allocated for this purpose approximates 1/3 of total district allocation should be justification enough. However, these supplemental funds will be principally directed to curriculum, materials and supplies to support the district's underperforming students. Specifically, these funds will be used to purchase and maintain items like current reading intervention programs (e.g. Read Naturally, Read 180) math intervention programs (e.g Math 180, ST Math), character development materials, additional library books, staff and student technology, outside of district staff trainings focusing on the CCSS, licenses for software and web-based applications (e.g. Chromebook licenses, Synergese, Odysseyware) and classroom materials these resources. Research strongly supports the availability of adequate instructional materials and their impact on student achievement (Oakes, Jeannie, and Marisa Saunders. "Access to

textbooks, instructional materials, equipment, and technology: Inadequacy and inequality in California's public schools." UCLA's Institute for Democracy, Education, & Access (2002)). In this regard, the district strives to "supplement" existing funding sources to ensure that unduplicated students specifically, and all students in general, are provided the most resource rich instructional environments feasible. Again, these funds are used to provide support for the district's underachieving students regardless of their classification. In the selection of these supplemental materials and supplies, the district examined a wide range of alternatives and selected only those resources that were high leverage, research based and reflected a high cost/benefit ratio and were therefore identified of providing the most effective means in addressing this need..

1.8 Maintain current levels of staffing and contracted services to support student learning -

In the 2016-17 LCAP year EUSD has allocated \$1,238,891 in supplemental funding to support preexisting personnel costs. These personnel expenditures are principally directed to provide Tier 1 (quality core instruction) and Tier 2 (supplemental intervention) services for our unduplicated student, who typically have the greatest needs. Regardless, this doesn't preclude any student with similar needs from accessing the services provided by these staff. Supplemental funds have been allocated to maintain teachers who provide direct services to the district's neediest students, to maintain small class sizes or increase student course access to a broader course of study. Additionally, these funds are allocated to provide skilled para-professionals and/or bilingual aides to all sites to provide direct services to the district's neediest students. Research strongly supports the effect of targeted, direct services as a means to increase student achievement (Batsche, G., Elliott, J., Graden, J. L., Grimes, J., Kovaleski, J. F., Prasse, D., et al. (2005). Response to intervention policy considerations and implementation. Reston, VA: National Association of State Directors of Special Education.) Alternatives considered included creating separate classrooms for placement of these struggling students, but it was determined that a more systematic approach focusing on Tier 1 interventions with support services "pushed into the classroom and providing "pull out" services for only the most neediest of students was the most effective strategy for ensuring that all students in the general ed. setting receive high quality instruction.

Goal # 2 -Provide a rigorous academic program, accessible to all students, so that all students develop the requisite skills to be career and college ready; State Priorities 4 & 8

2.1 Provide a continuum of intervention to ensure all students are C&C ready -

In the 2016-17 LCAP year EUSD has allocated \$30,000 in supplemental funds to implement a comprehensive continuum of intervention which will systematically monitor student progress and provide programmatic placements for students not at grade level in ELA and Math. Stakeholder feedback strongly supported the need for intervention services so that when students enter high school they are fully prepared to meet the demands of Career and College Readiness. These expenditures will be for the design and implementation of systematic progress monitoring for all students, support for programmatic behavior intervention services (e.g. PBIS), and the associated costs for materials and supplies to support these activities. The funds will be principally directed to meeting the needs of our unduplicated students who represent the majority of students in need of academic and behavioral interventions. While progress monitoring will be in place for all students, the district feels that this is the most effective means of identifying and progress monitoring students with the greatest needs. Research is very clear on the need for ongoing progress monitoring to accurately identify specific student academic and behavioral needs and placement in programs that most effectively meet those needs (Batsche, G., Elliott, J., Graden, J. L., Grimes, J., Kovaleski, J. F., Prasse, D., et al. (2005). Response to intervention policy considerations and implementation. Reston, VA: National Association of State Directors of Special Education) (Bradshaw, C., Koth, C., Bevans, K., Ialongo, N., & Leaf, P. (2008). The impact of school-wide positive behavioral interventions and supports (PBIS) on the organizational health of elementary schools. School Psychology Quarterly, 23(4), 462-473). Alternatives considered included using grades, and other curriculum embedded measures for progress monitoring, but it was felt that this approach was not norm referenced and as a stand alone approach would be fraught with subjectivity. regarding behavioral interventio

2.4 Ensure all students have access to career awareness and readiness coursework -

In the 2016-17 LCAP year EUSD has allocated \$83,000 to implement a CTE Health Services Pathway. Specifically, these supplemental funds will be allocated to teacher salary (\$73,000) and Textbooks ((\$10,000). This program provides an alternative pathway to Career Readiness upon high school graduation and will principally be directed to

Page 80 of 83

unduplicated students. In this sense students exiting the program have the potential to earn certifications for specific entry level careers upon graduation (e.g. Certified Nursing Assistant, Certified Medical Assistant, Home Health Aide) and provide the most effective manner for unduplicated students to truly be Career and College ready and be able to pursue meaningful careers with excellent opportunities for career advancement. Research indicates careers in these and other related health care fields are growing at above average rates (Occupational Outlook Handbook, 2015). Prior to making the determination of implementing the Health Services Pathway, all stakeholders were surveyed with regard to community/student preference for a variety of pathways. Alternatives considered included, Health Care - Administrative Services, Culinary Arts, Automotive Technologies, Business Management, and Sales and Marketing. The results of this survey indicated a strong preference for the Health Services pathway and provided the justification for selecting this pathway for implementation.

2.5 Provide extended learning opportunities to ensure students meet grade level standards -

In the 2016-17 LCAP year EUSD has allocated \$120,000 of supplemental funds to provide extended learning opportunities for students not at grade level, in particular the content areas of math and science. Specifically, \$20,000 in supplemental funds will be provided for before or after school tutoring services, while \$100,000 will be allocated for the increase in licenses for Read 180 and Math 180 Intervention programs. Both allocations of funds will be primarily directed towards our unduplicated students, and the district feels this is the most effective means for providing interventions services to our struggling students. Read 180 and Math 180 are both evidenced based programs for closing the achievement gap and before or after school tutoring in a structured environment with a site based teacher, familiar with the student is also supported through research (Gardner, Margo, Jodie L. Roth, and Jeanne Brooks-Gunn. "Can After-School Programs Help Level the Academic Playing Field for Disadvantaged Youth? Equity Matters. Research Review No. 4." Campaign for Educational Equity, Teachers College, Columbia University (2009). Alternatives considered included various reading and math intervention programs, but the depth of evidence regarding the effectiveness of both Read 180 and Math 180 eliminated other options. Regarding after school tutoring alternatives, the district considered recruiting subs or teachers from other sites, but it was felt that it was more effective if the tutor came from the same site and had a connection with the student.

Goal #3 - Enlist all stakeholders to create learning environments that are effective and engaging; State Priorities 4, 5, & 6

3.1 Maintain and increase outreach to parents, community and relevant stakeholders - Cotton, Kathleen. "School Improvement Research Series." School wide and Classroom Discipline (2001).

In the 2016-17 LCAP year EUSD has allocated \$27,400 in supplemental funds for outreach efforts principally directed to parents/guardians of district unduplicated youth. Research has shown that there is positive correlation between the level of parent involvement and student achievement. Further, research also indicates that parent involvement for disadvantaged families tends to be far less then non-disadvantaged students (Cotton, Kathleen. "School Improvement Research Series." School wide and Classroom Discipline (2001).) Of the allocated funds. \$20,000 will secure a contract with a Public Information Officer who will provide guidance and support for determining and implementing the most effective means of communication with our student's families. The remaining monies will be allocated for a contract for parent outreach technology including both home and cell phone contact, SMS and email. Ensuring, a wider range of communication avenues is also the most effective means to ensure that parent directed communications actually reach the parent. Alternatives considered included hiring a district Public Relations Officer, but given the size of the district this would not be the most cost effective means to secure this service. With regard to outreach technology, other platforms were considered, but the cost and functionality of the selected system best suited the district's needs. In this sense, the district determined that the most effective means for improving parent outreach to the district's unduplicated students' families were the above selected options.

Page 81 of 83

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

8.29 %

Escalon Unified School District has calculated a 8.29% proportionality percentage for 2016-17. In its 2016-17 LCAP, the district has undertaken several initiatives that will increase and improve the level of services directed towards our RFEP, English Learner, Low Income and foster youth. Quantitatively speaking, last year the district expended approximately \$1,013,000 on services for unduplicated students. With the 2016-17 calculation approximating \$630,000 the district receives roughly \$2.16 million for services for unduplicated students. This year's LCAP accounts for \$562,355 of supplemental funds being expended to support our RFEP, English Learner, Low Income and foster youth. When coupled with last year's expenditures spending for unduplicated students, this year the district will spend approximately \$1.64 million on services and materials for unduplicated students or 76% of its calculated supplemental allocation. This amount easily meets the 8.29% threshold of the calculated MPP for the 2016-17 LCAP year.

From a qualitative perspective \$100,000 of supplemental funds are targeted to additional staffing to provide direct services to the district's unduplicated students. Including the addition of a .5 FTE counselor as well as a 1.0 FTE for an LVN (see A/S 1.4), \$215,000 will be expended to ensure unduplicated students have sufficient curriculum, materials and supplies (see A/S 1.7) and \$1.2 million will be expended to maintain current levels of staffing and contracted services to meet the needs of the district's unduplicated students (see A/S 1.8). Further, \$150,000 of supplemental funds will be expended in two critical areas identified by stakeholders. 1) The development and implementation of an continuum of intervention (including ongoing progress monitoring by intervention staff), and 2) the procurement of appropriate curricular resources (e.g. Math 180 & Red 180; see A/S 2.1 & 2.5) to ensure that our most challenged students have the opportunity to meet grade level standards and be college and career ready. Lastly, \$27,400 in supplemental funds have been allocated to improve parent outreach and participation focusing on the families of our unduplicated students (see A/S 3.1). Provision of these services and resources ensures the district also meets the qualitative threshold of MPP.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).

- (e) "Suspension rate" shall be calculated as follows:
 - The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).

(3) Divide (1) by (2).

- (f) "Expulsion rate" shall be calculated as follows:
 - The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- 01-13-15 [California Department of Education]
