General Information

[A description of the impact the COVID-19 pandemic has had on the LEA and its community.]

Oak View School had shifted to an independent study instructional model during the COVID-19 emergency in the Spring of 2020. Students were assigned work packets on a weekly basis with academic support given by teachers through the use of live stream meetings, phone calls, conference calls, text messaging, and online posts and emailing of pre-recorded videos. Teachers reviewed completed work weekly which would drive instruction for the following week and allow for feedback to students and parents on academic progress. Teachers and staff provided emotional and social support by connecting with students weekly through phone calls, email, text messages and online meeting platforms. All District/School communication to families was delivered through emails, phone calls, letters home in student work packets and posting to school website.

For the 2020-2021 school year, Oak View School has started the school year on a full Distance Learning model for all students utilizing the Supervised Small Group Guidance and In-person Assessment Guidance to provide students with the academic and social-emotional support needed during this time.

Stakeholder Engagement

[A description of the efforts made to solicit stakeholder feedback.]

Oak View School held a virtual meeting, which was also accessible by phone, on September 3rd for stakeholders to provide input to the LCP. All stakeholder groups were kept updated on the Districts COVID-19 responses through various forms of communication including email, phone calls, website and meetings. Translation services were available if requested.

[A description of the options provided for remote participation in public meetings and public hearings.]

Stakeholders were able to provide input by participating in virtual meetings, in-person meetings, phone calls and emails. Translation services were available if requested.

[A summary of the feedback provided by specific stakeholder groups.]

Stakeholders expressed a need for Chromebooks for students to use at home as well as a reliable Internet connection. They also expressed interest in mental health services for students. Stakeholders also expressed the need for the school to have adequate PPE for staff and students.

[A description of the aspects of the Learning Continuity and Attendance Plan that were influenced by specific stakeholder input.]

Stakeholders concern for reliable Internet due to the rural setting of the community was a priority which led the District to research the Internet providers with the strongest coverage in the District's attendance area. Hotspots from Verizon Wireless, who provides the best coverage in our area, were purchased for families needing connectivity.

Continuity of Learning

In-Person Instructional Offerings

[A description of the actions the LEA will take to offer classroom-based instruction whenever possible, particularly for students who have experienced significant learning loss due to school closures in the 2019–2020 school year or are at a greater risk of experiencing learning loss due to future school closures.]

Oak View School will provide in-person instruction for all students following all CDC guidelines for the health and safety of staff and students. Students and staff will be provided PPE, facilities will be cleaned and disinfected regularly and daily procedures will be modified to maximize space in an attempt to socially distance staff and students. Nursing services, counseling services and janitorial services have all been increased in response to student and staff needs during the pandemic.
